Dale M. Dennis, Deputy

Commissioner of Education

SUBJECT:

Transfers from Special Funds to General Fund

(2011-12 Budgeted)

House Sub. for Sub. for Senate Bill 111 authorizes school districts to transfer cash balances from the following funds back to the general fund: at-risk education, bilingual education, contingency reserve, driver training, parent education, preschool-aged at-risk, professional development, summer school, virtual school, and vocational education. The textbook and student materials revolving fund is the second priority with the special education fund the last priority for use. Local boards of education are not limited to using the funds in the priority list and are not required to expend the total unencumbered balance before utilizing the unencumbered balance in another fund.

The maximum amount is \$232 times the adjusted enrollment of the district. Theoretically, this would bring the base state aid per pupil (BSAPP) from \$3,780 up to \$4,012 if the district chose to do so. Some districts will choose to spend the balances by reducing transfers from the general and supplemental general funds to special funds.

Attached is a computer printout (SF12-010) which provides the amounts school districts budgeted to transfer from special funds to the general fund during the 2011-12 school year which totals \$23,386,406. We have also provided a copy of Form 149 which was a worksheet provided to school districts to assist in the preparation their 2011-12.
