NATURE OF THE CASE.....	1
PROCEDURAL HISTORY	3
THIS COURT’S INSTRUCTIONS TO THE STATE IN THE MARCH 2 ORDER	5
STATEMENT OF THE FACTS	7
ARGUMENTS AND AUTHORITIES	9
I. The State Bears the Burden to Demonstrate That S.B. 19 is Constitutional and Must Explain Its Rationale for Adopting S.B. 19.....	9
A. The burden to demonstrate compliance is on the State.....	9
<i>Gannon v. State</i> , 303 Kan. 682, 368 P.3d 1024 (2015) (“Gannon II”).	9
<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	9
B. The State was obligated to cure the constitutional violations associated with CLASS’s structure <i>and</i> implementation.....	9
<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	10
II. S.B. 19 Fails Article 6’s Adequacy Test	10
<i>Montoy v. State of Kansas</i> , 279 Kan. 817, 825-26 (2005) (“Montoy IV”).	10-11
<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	11
<i>Unified School District No. 229 v. State</i> , 256 Kan. 232, 885 P.2d 1170 (1994)	11
A. S.B. 19 ignores the recommendations of “several expert bodies” as to the actual costs of providing a constitutional education.	11
<i>Gannon v. State</i> , 298 Kan. 1107, 319 P.3d 1196 (2014) (“Gannon I”).....	11
<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	12

1.	The State Board of Education estimates that, over the next two years, it will cost an additional \$893 million to fully fund education at a constitutional level; the State ignored that estimate.	12
	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	12, 13
	<i>State ex rel. Miller v. Bd. of Educ.</i> , 212 Kan. 482 (1973)	15
	<i>U.S.D. No. 443 v. Kansas State Board of Education</i> , 266 Kan. 75 (1998)	15
2.	The State cannot argue that a base of \$4,006 is constitutional when it previously indicated that the base should be set at \$4,492 for FY10.	15
	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	16, 18
	<i>Gannon v. State</i> , 298 Kan. 1107, 319 P.3d 1196 (2014) (“Gannon I”).....	18
3.	The State cannot argue it considered inflation.....	19
4.	The State cannot argue it considered other necessary cost increases.....	20
5.	The reasonable cost studies commissioned by the State estimate that the base should be much higher.....	21
	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	21, 22, 23
	<i>Gannon v. State</i> , 298 Kan. 1107, 319 P.3d 1196 (2014) (“Gannon I”).....	21
	<i>Montoy v. State of Kansas</i> , 279 Kan. 817, 825-26 (2005) (“Montoy IV”).	23
B.	The State’s level of increased funding is not reasonably calculated to have all Kansas public education students meet or exceed the standards set out in <i>Rose</i>	24
	Senate Substitute for House Bill 2002	25

	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	25, 26
	<i>Gannon v. State</i> , 303 Kan. 682, 368 P.3d 1024 (2015) (“Gannon II”)	25
	<i>Gannon v. State</i> , 298 Kan. 1107, 319 P.3d 1196 (2014) (“Gannon I”).....	26
C.	Some underperforming districts actually lose funding under S.B. 19.	27
	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	27, 28, 29
D.	Components of S.B. 19 are politically motivated and do not reflect cost-based decisions that are reasonably calculated to have all students meet or exceed the standards set out in <i>Rose</i>	29
	<i>Gannon v. State</i> , 304 Kan. 490, 372 P.3d 1181 (2016) (“Gannon III”).....	29, 30
E.	The weightings within S.B. 19 ignore financially important changing conditions, and do not comply with the Court’s March 2 Order or the Kansas Constitution.	31
	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	31
F.	Providing all-day kindergarten does not cure S.B. 19’s deficiencies	34
III.	The Legislature Has Failed to Support S.B. 19 with the Money Necessary to Fully Fund it.....	35
	<i>Gannon v. State</i> , 298 Kan. 1107, 319 P.3d 1196 (2014) (“Gannon I”)	35
	2015 K.S.A. 72-978(a)	36
	<i>Montoy v. State</i> , 282 Kan. 9, 138 P.3d 755 (2006) (“Montoy V”)	36
	2015 K.S.A. 72-1414.....	38
IV.	Achievement Levels Were Unacceptable Even at the <i>Montoy</i> Level of Spending.....	39
V.	Best Practices are Now Mandated for All At-Risk Spending, but the Standards are not Defined.	40

VI.	S.B. 19 Does Not Meet This Court’s Equity Test.....	40
	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).	40
	<i>Gannon v. State</i> , 298 Kan. 1107, 319 P.3d 1196 (2014) (“Gannon I”)	40
A.	S.B. 19 Violates the Equity Component of Article 6 Because It Subjects Schools to a Protest and Election Process to Gain Full Access to Available Funds.....	41
	<i>Gannon v. State</i> , 305 Kan. 850, 390 P.3d 461 (2017) (“Gannon IV”).....	43

NATURE OF THE CASE

On March 2, 2017, this Court declared that the block grant funding provided by the Classroom Learning Assuring Student Success Act (“CLASS”) was unconstitutional, largely because “more money was needed.” *Gannon v. State*, 305 Kan. 850, 501, 390 P.3d 461 (2017) (“Gannon IV”). It then informed the State that it was obligated to adopt a new funding system that “is capable of meeting the adequacy requirements of Article 6.” *Gannon IV*, 305 Kan. at 919. It demanded compliance by June 30, 2017. *Gannon IV*, 305 Kan. at 856. To establish compliance, the State has the burden to demonstrate the new system is constitutional and to “explain[] its rationales for the choices made to achieve [compliance].” *Gannon IV*, 305 Kan. at 856 (citing *Gannon v. State*, 303 Kan. 682, 709, 368 P.3d 1024 (2015) (“Gannon II”).

The State claims it complied with the March 2 Order because the Legislature passed, and the Governor signed, 2017 Senate Bill 19 (“S.B. 19”). Notice of Legislative Cure, filed 6-16-17. S.B. 19 significantly underfunds K-12 public education – by all measures – and fails the adequacy test. Additionally, S.B. 19 does not meet the equity requirements of Article 6.

S.B. 19 significantly underfunds Kansas public education and only provides a \$292.5 million increase to education funding over a period of two years. Appendix B: KSDE Memo, Computer Printout SF17-232, with supporting data, at 2017ADEQ00021 (Col. 2 shows that the total increase in state aid for FY18 is \$194.7 million and Col. 3 shows the total increase for FY19 is \$97.8 million).

S.B. 19 funds Kansas public education at a level far short of *every single* indicator available as to what it actually costs to constitutionally fund an education. This Court told the State that it was not in compliance with the Constitution because it was not putting enough money into K-12 public education. It told the State to increase funding in a manner that was “reasonably calculated to have all Kansas public education students meet or exceed the standards set out in *Rose*.” Finally, this Court specifically warned the State not to ignore the estimates of what it actually costs to provide students with a constitutional education. The State did not heed the Court’s warning or follow its instructions. The adoption of S.B. 19 demonstrates a continued pattern by the State to ignore constitutional mandates.

The *lowest* estimate of what it costs to constitutionally fund an education to Kansas K-12 public school students is the estimate provided by the KSBE: \$893 million over the next two years. With no reason or explanation, **S.B. 19 only provides one-third of that amount.** The level of funding provided by S.B. 19 is so low that school districts will have *less funds* available for educating students than what the State itself deemed appropriate for the year 2010 following the *Montoy* litigation. Considering inflation alone, the State cannot – in good faith – argue that school districts can educate students *better* with *less* funds than were needed seven years ago. There is no evidence to suggest that S.B. 19 is reasonably calculated to have all Kansas public education students meet or exceed the standards set out in *Rose*. There is, however, significant evidence to the contrary. Moreover, there is substantial evidence that S.B. 19 significantly disrupts equity and that the State ignored this Court’s instruction “to be mindful of the connection

between equity and adequacy.” *Gannon IV*, 305 Kan. at 917. S.B. 19 fails to comply with this Court’s March 2 Order and the Kansas Constitution.

PROCEDURAL HISTORY

On March 2, 2017, this Court held that “the state’s public education financing system, through its structure and implementation, is not reasonably calculated to have all Kansas public education students meet or exceed the minimum constitutional standards of adequacy.” *Gannon IV*, 305 Kan. at 855-56. The Court provided the legislature “an opportunity to bring the state’s education financing system into compliance with Article 6” on or before June 30, 2017. *Gannon IV*, 305 Kan. at 856.

On June 5, 2017, in response to the Court’s Order, the Kansas Legislature passed S.B. 19. The bill was signed by Governor Brownback on June 15, 2017. S.B. 19 significantly underfunds Kansas public education, providing only a \$292.5 million increase to education funding over a period of two years. The burden is now on the State to establish that S.B. 19 comports with the requirements of the Kansas Constitution. *Gannon IV*, 305 Kan. at 856. The State cannot meet this burden.

The procedural posture of *Gannon* should, regrettably, sound very familiar to this Court. It certainly is familiar to Plaintiffs’ counsel, who has been down this road before. On January 3, 2005, this Court issued its opinion in *Montoy v. State*, 278 Kan. 769, 120 P.3d 306 (2005) (“*Montoy II*”). It found the then-existing school finance system unconstitutional, and – as the Court did here – gave the Legislature “a reasonable time to correct the constitutional infirmity.” *Id.* at 775. The Legislature responded by adopting

2005 House Bill 2247 (H.B. 2247) in the spring of 2005, which resulted in this Court’s opinion in *Montoy v. State of Kansas*, 279 Kan. 817, 821, 825-26 (2005) (“Montoy IV”).

Ultimately, in *Montoy IV*, this Court found that H.B. 2247 was an “unsatisfactory response” to the Court’s mandate. *Id.* at 843. Comparing H.B. 2247 to S.B. 19 warrants this Court reaching the same result here. Much like H.B. 2247 in *Montoy*, S.B. 19 purports to increase the base, but does not provide a significant amount of “new” money. *Id.* at 830 (“H.B. 2247 increases the BSAPP from \$3,890 to \$4,222. Only \$115 of the \$359 increase is “new” money; the balance was achieved by eliminating the correlation weighting and shifting those dollars to BSAPP.”). Interestingly, since H.B. 2247 only provided a \$115 increase to the \$3,890 base, the actual base adopted in 2005 was \$4,005. The State, through S.B. 19, now attempts to fund a base of \$4,006, even though that level of funding was deemed “unsatisfactory” *twelve years ago*. Because this Court told the State that a \$4,005 base was unsatisfactory in 2005, there is simply no basis for the State to conclude that increasing that base by \$1 per student would be constitutional in 2017. Reaching that conclusion would require this Court to ignore the ever-increasing costs of education due to inflation, growing enrollment, and increasing demands.

The similarities between the State’s actions in *Montoy* and the State’s current action are even more striking considering the total amount of funding needed and the amounts that the State adopted in response to each finding of unconstitutionality. In 2005, the Legislature was told that funding needed to increase by approximately \$853 million. *Montoy IV*, 279 Kan. at 845. The Legislature responding by only increasing funding by “approximately \$142 million,” a response that the Court deemed

unconstitutional. *Id.* at 822. Here, when confronted with a finding of unconstitutionality and the KSBE’s recommendation to increase funding by \$893 million, the State’s response was overwhelmingly underwhelming *and* unconstitutional. It adopted a two-year funding scheme and – next year – only intends to increase funding by \$194.7 million. The second year increase barely covers inflationary increases. Just like H.B. 2247 did in *Montoy*, S.B. 19 “substantially varies from any cost information in the record and from any recommendation of the Board of Education or the State Department of Education”; it is “unsatisfactory” and unconstitutional. *Montoy IV*, 279 Kan. at 831, 843.

There is virtually no difference between the procedural history that lead to the Court’s decision in *Montoy IV* and the current history of this case. This Court’s response should be similar as well. In the *Montoy* litigation, the Court was forced to give the State very specific guidance on what level of funding was required to comply with the Kansas Constitution. *See, e.g., Montoy IV*, 279 Kan. at 845 (“Specifically, no later than July 1, 2005, for the 2005-06 school year, the legislature shall implement a minimum increase of \$ 285 million above the funding level for the 2004-05 school year, which includes the \$ 142 million presently contemplated in H.B. 2247.”). In light of the State’s inadequate legislative response, such action is once again warranted.

THIS COURT’S INSTRUCTIONS TO THE STATE IN THE MARCH 2 ORDER

When this Court gave the State an opportunity to bring its education financing system into compliance with Article 6, the Court did not order any specific remedy. It instead acknowledged “[t]here is no one specific way for this funding to be achieved.”

Gannon IV, 305 Kan. at 916. However, it did give specific direction to the State to demonstrate compliance. At a minimum, the State must show:

1. That S.B 19 appropriately *increases* funding. The March 2 Order affirmed the Panel’s finding that, to ensure constitutionality, more funding is needed. *Gannon IV*, 305 Kan. at 913 (“As a result of this and other findings, the panel determined that *more money was needed* to make the inadequate CLASS legislation constitutional. *We agree*, based upon the demonstrated inputs and outputs found by the panel[.]”) (emphasis added). And while total spending is not the touchstone of adequacy, *id.* at 895, the State cannot just increase funding; rather, it must do so to such an extent that the increase “is reasonably calculated to have all Kansas public education students meet or exceed the standards set out in *Rose*.” *Id.* at 917.

2. That the State considered the estimates of what a constitutional education *actually costs*. “[T]he State should not ignore [the estimates of actual costs by the cost studies] in creating a remedy.” *Gannon IV*, 305 Kan. at 854. These estimates of what it costs to provide a constitutional level of funding “represent evaluations that we cannot simply disregard.” *Id.*; *Gannon v. State*, 298 Kan. 1107, 1170, 319 P.3d 1196 (2014) (“*Gannon I*”) (“[A]ctual costs remain a valid factor to be considered [when] determining constitutional adequacy under Article 6.”).

3. That S.B. 19 is responsive to financially important changing conditions. In finding CLASS’s structure unconstitutional, this Court criticized the funds provided because “they are only minimally responsive to financially important changing conditions such as increased enrollment, in general or by subgroup—which can include those ‘to

whom higher costs are associated.’’ *Gannon IV*, 305 Kan. at 891. The State is obligated to demonstrate that S.B. 19 “is reasonably calculated” to correct this.

4. That S.B. 19 comports with all “previously identified constitutional mandates.” This includes Article 6’s equity requirements. *Gannon IV*, 305 Kan. at 856. Pursuant to this Court’s equity test, S.B. 19 must grant school districts “reasonably equal access to substantially similar educational opportunity through similar tax effort.” *Gannon I*, 298 Kan at 1175.

These instructions should guide this Court’s review of S.B. 19. *The State has failed to demonstrate compliance with any of these mandates.* Since S.B. 19 meets none of these mandates, this Court should declare S.B. 19 unconstitutional.

STATEMENT OF THE FACTS

The Kansas School Equity and Enhancement Act enacted within S.B. 19 is similar in structure to the School District Finance and Quality Performance Act (the “SDFQPA”), repealed in 2015. The State chose to replace the unconstitutional CLASS with a funding formula that largely mimics the SDFQPA. The SDFQPA, generally speaking, funded education by providing a fixed amount of funding for each student through a “base state aid per pupil” based on full-time enrollment. A district’s full-time enrollment was then adjusted by adding various weightings, which generally recognize that the needs of some students require more resources than others. The result was the amount of state financial aid distributed to the district. *Id.*

S.B. 19 calculates overall funding to school districts in the same manner. The “base state aid per pupil” has been renamed “base aid for student excellence” or “BASE

aid.” S.B. 19, Sec. 4(e). Total state aid is calculated by multiplying the BASE aid by the adjusted enrollment. Sec. 4(jj) (defining “Total Foundation Aid”). The adjusted enrollment is calculated by applying “weightings” to the school district’s enrollment. Sec. 4(a) (defining “Adjusted Enrollment”). While certain weightings have been adjusted and concepts renamed, the general funding mechanism remains the same.

The at-risk weighted enrollment of a district is determined by multiplying the number of students eligible for free meals under the National School Lunch Act by 0.484. S.B. 19, Sec. 23; Appendix A: Third Conference Committee Report Brief regarding Senate Bill No. 19, at 2017ADEQ00003. However, any school district would be allowed to substitute 10% of the district’s enrollment multiplied by 0.484 for this weighting regardless of whether its enrollment warranted this weighting. *Id.*

S.B. 19 sets the BASE aid at \$4,006 for FY18; \$4,128 for FY19; and – after that – promises to be adjusted annually based on inflation. Sec. 4(e) (defining “Base Aid for Student Excellence”); Appx. B-1, at 2017ADEQ00019. The Kansas State Department of Education (“KSDE”) predicts that, after FY19, the CPI adjustment will only increase funding by approximately \$55 million annually based on an assumption of 1.5% annual inflation. Appx. B-1, at 2017ADEQ00021.

S.B. 19’s funding sources are also largely the same as they were under the SDFQPA. S.B. 19 retains a 20-mill statewide levy and the local option budget (“LOB”) component. Sec. 15. No school district can adopt a LOB that exceeds 33% of its total foundation aid received in the current school year. Sec. 15(a), (k)(2). Section 15 incorporates previous LOB concepts and allows school districts to adopt a LOB in the

amount that the school district had authorized under previous law. Sec. 15(b)(1), (f). Similar to the SDFQPA, increasing the LOB percentage requires the adoption and publication of a resolution and a local election if a protest is received. Sec. 15(c).

ARGUMENTS AND AUTHORITIES

I. THE STATE BEARS THE BURDEN TO DEMONSTRATE THAT S.B. 19 IS CONSTITUTIONAL AND MUST EXPLAIN ITS RATIONALE FOR ADOPTING S.B. 19

A. The burden to demonstrate compliance is on the State.

To comply with the burden imposed upon it by this Court, the State is obligated to demonstrate that S.B. 19 “is reasonably calculated to address the constitutional violations identified [in *Gannon IV*], as well as comports with previously identified constitutional mandates such as equity.” *Gannon IV*, 305 Kan. at 856 (citing *Gannon II*, 303 Kan. at 743). Because this Court found that CLASS violated the adequacy components as to both its structure and its implementation, the State is now obligated to demonstrate that it cured those specific unconstitutionality. *Id.* It must also demonstrate compliance with this Court’s equity test. *Gannon IV*, 305 Kan. at 887. To establish compliance, the State must “explain[] its rationales for the choices made to achieve [compliance].” *Gannon IV*, 305 Kan. at 856 (citing *Gannon II*, 303 Kan. at 709); *Gannon II*, 303 Kan. at 743 (“the State would help its case by showing its work”); Scheduling Order, dated 6-19-17, at p.2.

B. The State was obligated to cure the constitutional violations associated with CLASS’s structure and implementation.

The State is obligated to demonstrate that S.B. 19 “is reasonably calculated to address the constitutional violations identified [in *Gannon IV*.]” 305 Kan. at 856. In the

March 2 Order, this Court identified two constitutional violations: CLASS's structure and CLASS's implementation. *Id.* at 913.

As to CLASS's structure, this Court identified two specific failings that the State is now obligated to rectify: (1) CLASS merely funded education at the prior year's level; and (2) CLASS was only minimally responsive to financially important changing conditions. *Gannon IV*, 305 Kan. at 856. In addition to finding that CLASS's structure violated Article 6, this Court's March 2 Order also concluded that its implementation violated Article 6. *Gannon IV*, 305 Kan. at 891-92. Because the Court specifically looked at inputs *and* outputs when analyzing CLASS's implementation, the lack of adequate funding affected the constitutionality of both CLASS's structure and its implementation. *Gannon IV*, 305 Kan. at 891-93.

The same can be said of S.B. 19. While S.B. 19 is similar in structure to the former SDFQPA and Plaintiffs believe the underlying structure of the new formula is sound – with some exceptions described herein – the overall funding levels render both its structure and implementation unconstitutional. Further, some components of the SDFQPA that the State chose to re-adopt simply do not pass the Court's equity test, further necessitating a finding by this Court that S.B. 19 is unconstitutional.

II. S.B. 19 FAILS ARTICLE 6'S ADEQUACY TEST

Under S.B. 19, the State will increase funding by approximately \$292.5 million over the next two years. The State has once again ignored the actual costs of providing an education and instead adopted a formula based solely on political compromise and the amounts of funds deemed to be available for appropriations. *See, e.g., Montoy IV*, 279

Kan. at 818-19 (“the SDFQPA was not based on upon actual costs, but rather on former spending levels and political compromise”). Considering all of the evidence available, there is no basis to conclude that S.B. 19 is reasonably calculated to have all Kansas public education students meet the *Rose* standards, to comply with the Court’s March 2 Order, or to accomplish constitutional compliance. The funding provided by S.B. 19 falls far short of every indicator available to the State as to what it actually costs to meet *Rose*.

In the March 2 Order, the Court specifically rejected “virtually conclusive deference” to the Legislature. *Gannon IV*, 305 Kan. at 883. But, even under a deeply deferential standard, S.B. 19 must be rejected because it is “very wide of any reasonable mark.” *Unified School District No. 229 v. State*, 256 Kan. 232, 265, 885 P.2d 1170 (1994) (internal citations omitted). Had the State followed the mandates of the Constitution and this Court’s Orders, it could not have arrived at S.B. 19.

A. S.B. 19 ignores the recommendations of “several expert bodies” as to the actual costs of providing a constitutional education.

S.B. 19 wholly ignores the estimates of several expert bodies as to what it actually costs to provide Kansas schoolchildren with a constitutional education. This Court specifically cautioned the State against doing this, stating that “the State should not ignore [the estimates of actual costs by the various cost studies] in creating a remedy.” *Gannon IV*, 305 Kan. at 916. These estimates of what it costs to provide a constitutional level of funding “represent evaluations that we cannot simply disregard.” *Gannon IV*, 305 Kan. at 854; *Gannon I*, 298 Kan. at 1170 (“[A]ctual costs remain a valid factor to be considered during application of our test for determining constitutional adequacy under

Article 6.”). Yet, the State did not fund anywhere near the recommendations of these “expert bodies” or the reasonable estimates of what a constitutional education actually costs. *Gannon IV*, 305 Kan. at 897 (“This reduction, the panel noted, was in direct opposition to the recommendations of several expert bodies.”). The State cannot meet its burden to demonstrate that it cured the unconstitutionality identified in the March 2 Order that stemmed from CLASS’s unconstitutional structure and implementation.

1. The State Board of Education estimates that, over the next two years, it will cost an additional \$893 million to fully fund education at a constitutional level; the State ignored that estimate.

This Court’s March 2 Order specifically instructed the State to: (1) increase funding in a manner that “is reasonably calculated to have all Kansas public education students meet or exceed the standards set out in *Rose*,” and (2) create a remedy that considers the estimates of what providing a constitutional education actually costs, as calculated by the various cost studies. *Gannon IV*, 305 Kan. at 882.

To comply with this requirement would have necessarily required the State to consider the KSBE’s recommendation that the State increase funding by \$893 million over the next two-years. Appendix C-1: KSBE Press Release, dated July 15, 2016. After KSBE reviewed this Court’s March 2 Order, it opined that adopting its budget recommendations would have cured the unconstitutionality identified in this Court’s March 2 Order. Appendix D: KSBE Release Statement Regarding Kansas Supreme Court Ruling, dated March 3, 2017. This is significantly important because “the legislature itself necessarily acknowledges that the [KSBE] – which the legislature has entrusted with developing curriculum for Kansas public school students – is capable of

understanding, measuring, and implementing the *Rose* educational goals in order to meet its important statutory duty.” *Gannon IV*, 305 Kan. at 864-65.

The KSBE knows how to understand, measure, and implement a system that meets the *Rose* goals. It can reasonably anticipate how much that will cost. Yet, the State wholly ignored each of the following recommendations of the KSBE:

- The KSBE recommended that funding increase by \$893 million over the next two years. Under S.B. 19, the State only intends to increase funding by \$292.5 million over the next two years. After that, the base will only be increased based on inflation (if at all, *supra* §III: “The Legislature Has Failed to Support S.B. 19 With the Money Necessary to Fund It”). S.B. 19 falls \$600 million short of providing the funding recommended by the KSBE; ***it funds only one-third of the request.*** Appendix G: Demonstrative Funding Comparisons, at 2017ADEQ00043.

- The KSBE recommended that the base be set at \$4,604 for FY18. Appendix C-2: Board Briefs: A Summary Report, at KSBE002449; Appendix C-4: July 12, 2016 KSBE Meeting Minutes, at 2017ADEQ00465. The State adopted a base of \$4,006 (\$598 lower per student). S.B. 19, Sec. 4(e); Appx. G, at 2017ADEQ00043.

- The KSBE recommended that the base be set at \$5,090 for FY19. Appx. C-2 at KSBE002449; Appx. C-4, at 2017ADEQ00465. The State adopted a base of \$4,128, which is \$962 lower per student. S.B. 19, Sec. 4(e); Appx. G, at 2017ADEQ00043.

- The KSBE recommended the Special Education be funded at \$40 million. S.B. 19 responds with only \$24 million.

- The KSBE recommended that the State provide an additional \$31 million for Special Education in FY18 and an additional \$9 million for Special Education in FY19. Appx. C-3; Appx. C-1, at KSBE002448. The State only increased Special Education funding by \$12 million each year, *see* Appx. B-1, at 2017ADEQ00021.
- In FY18, the State provides \$19 million less than what KSBE recommended.
- S.B. 19's two-year total is \$16 million less than what KSBE recommended.
- The KSBE recommended that the State provide \$3 million to fund the Mentor Teacher Program. Appx. C-1, at KSBE002448; Appx. C-3. The State provided \$800,000 (\$2.2 million less than the KSBE recommendation). S.B. 19, Sec. 1(a).
- The KSBE recommended that the State provide \$4.25 million to fund the Professional Development Program. Appx. C-1 at KSBE002448; Appx. C-3. The State provided \$1.7 million (\$2.55 million less than recommended). S.B. 19, Sec. 1(a).

The effects of the State's failure to adopt the KSBE's recommendations is significant for all districts. Appendix E-1: Demonstrative Chart "State Board Request – Year 2." Most districts would be receiving between 15% and 30% additional funds by the end of the two-year period had the State adopted the KSBE's recommendations.

Since the inception of this lawsuit, the State has never attempted to fund education at the levels recommended by the KSBE. *See e.g.*, Plaintiffs' Supplemental Brief, dated 8-12-16, at pp. 25-26 and Appx. E. With the adoption of S.B. 19, that failure continues.

And, it does so in derogation of the Kansas Constitution, which places most of the constitutional responsibility regarding the educational interests of Kansas on the KSBE. Kansas Constitution, Article 6, §2 (the KSBE “shall have general supervision of public schools”). This responsibility gives the KSBE “the power to inspect, to superintend, to evaluate, and to oversee” public education in Kansas. *State ex rel. Miller v. Bd. of Educ.*, 212 Kan. 482, 492 (1973). This Court has held that those powers are “self executing” such that “the legislature could not thwart [this] provision.” *Id.* at 489. Instead, the Legislature should enact legislation “to facilitate or assist” the KSBE in exercising these powers. See *U.S.D. No. 443 v. Kansas State Board of Education*, 266 Kan. 75, 96 (1998) (citing *State ex rel. Miller*, 212 Kan. at 488). The State’s repeated decisions to ignore the KSBE and thwart its power run afoul of the Kansas Constitution. *Id.* As such, the State cannot demonstrate that S.B. 19 “comports with previously identified constitutional mandates.” *Gannon IV*, 305 Kan. at 856.

2. The State cannot argue that a base of \$4,006 is constitutional when it previously indicated that the base should be set at \$4,492 for FY10.

When the Legislature adopted the SDFPQA and appropriated a base of \$4,492 for FY10, see *Gannon IV*, 305 Kan. at 880, the State conceded that such a level of funding was both adequate and necessary. This concession was accepted by this Court to conclude the *Montoy* case. This conclusion is further supported by evidence that – while this level of funding was not “perfect” – it arguably allowed Kansas public schoolchildren an opportunity to receive a constitutionally adequate education. R.Vol. 24, p.3147 (“The unanimous evidence was that the Kansas K-12 system was progressing

in its educational mission . . . when the BSAPP . . . was scheduled for FY2010 to be \$4492.”). It was for this very reason that the 2010 Commission, which the Legislature itself statutorily authorized, *see* Appendix AA: 2005 K.S.A. 46-3402, recommended that the Legislature should fund the school finance formula with a base of \$4,492 for FY12, to be adjusted annually based on the cost of living. R.Vol. 77, p. 3543 (Tr. Ex. 178, at 2010COMM00171).

The State, however, has regularly ignored the repeated advice it received to increase the base and completely backed away from its post-*Montoy* efforts to fund education at a constitutional level. Now, seven years later, the State is only providing a base of \$4,006 per student (\$486 less per student). Appx. G.

Year	2008-2009	2016-2017	2017-2018	2018-2019
Base	\$4400	\$3852	\$4006	\$4128
Difference from \$4492 base approved by <i>Montoy</i> Court	\$92 less	\$640 less	\$486 less	\$364 less

In addition to the State’s previous admission that a base of \$4,492 was needed in FY10, the *Gannon* Panel has also suggested that the State could demonstrate constitutional compliance by merely funding the Legislature’s \$4,492 base, adjusted

upward for inflation.¹ R.Vol. 24, p. 3147. A \$4,492 base in FY10 was worth \$4,980 in 2014 dollars (the time of the Panel’s decision). *Id.* The same base would be worth \$5,035 in 2017 dollars. Appendix F: Plaintiffs’ Trial Exhibit 237, Updated, at 2017ADEQ00041. Funding education at this level would necessitate an increase of \$806 million *this year*.² S.B. 19, which will only increase funding by \$292.5 million for the next two years, provides only a small fraction of that amount.

¹ This Court misinterpreted the Panel’s December 30, 2014 Order. The Court assumed that the Panel concluded that a base of \$4,654 or \$4,980 was appropriate by relying on the LPA and A&M studies. *Gannon IV*, 305 Kan. at 916. That is inaccurate. The Panel actually concluded that a base of \$4,654 or \$4,980 was appropriate by adjusting the previous legislatively-set statutory base of \$4,492 for inflation. R.Vol. 24, p. 3144-3147. In its January 2013 Opinion, the Panel stated that the base should be set at \$4,492. It gave deference to the legislature by relying on the “bright line” set in the statute. It purposefully “sacrificed” an inflation adjustment in favor of deferring to what the Legislature already had agreed to pay in FY 10. This was the bottom number that the Panel was willing to accept because “the long time consensus of expert opinion and expertise reflected that any sum less than the value of \$4492 as the BSAPP . . . would be inadequate from any expert or evidential perspective.” Due to inflation alone, a BSAPP of \$4,492 in FY10 would now be worth \$4,980 in 2014 dollars. Giving credit to the fact that, in 2013, it did not adjust for inflation, the Panel then noted that, a BSAPP of \$4,492 in 2012 (when it issued its opinion instead of in FY10) would now be worth \$4,654 in 2014 dollars. The numbers that the Panel used in its December 2014 Order as baselines (\$4980 and \$4654) had nothing to do with the cost studies, and merely reflected inflation-based adjustments to the previous statutory base. The Panel then *compared* their adjusted bases to the cost studies and further determined that if LOB were combined with the recommended bases, a base “near \$4654 could be appropriate, but only so if it was also accompanied by selective and relevant upward changes in weightings” and found that at that base the LOB would be “intended to be consumed substantially in full to meet the *Rose factors*” The only nexus with the cost studies was to validate their inflation adjusted finding. R. Vol. 24, pp. 3158, 3167-71.

² Recommended funding levels [681,483 (weighted FTE for FY17) \$5,035] minus current funding levels [681,483 * \$3,852]. The weighted FTE for FY17 comes from Appendix Z.

S.B. 19 funds \$514 million less than what school districts should have received with the FY10 base – when adjusted for inflation.³ Despite bearing the burden to do so, the State points to no evidence that it will somehow cost less to educate Kansas public schoolchildren in FY17 than what the Legislature previously determined it would cost in FY10. The evidence all suggests otherwise. R.Vol. 24, p.3147 (“[T]he long time consensus of expert opinion and expertise reflected that any sum less than the value of \$4492 as the BSAPP...would be inadequate from any expert or evidential perspective.”).

Moreover, even if the State could somehow make up this \$514 million shortfall, merely funding education at FY10 levels is not reasonably calculated to achieving constitutional compliance or to having all Kansas public education students meet or exceed the standards set out in *Rose* today. The Kansas Constitution “imposes a *mandate* that our educational system cannot be static or regressive but *must* be one which ‘advances to a better quality or state.’” *Gannon I*, 298 Kan. at 1146 (citing *Montoy II*, 278 Kan. at 773). S.B. 19 fails to comply with this constitutional mandate. For this reason alone, the State cannot meet its obligation to show that S.B. 19 comports with the March 2 Order (requiring the State to demonstrate compliance with all “previously identified constitutional mandates”). *Gannon IV*, 305 Kan. at 856.

³ Even ignoring inflation, S.B. 19 falls far short of funding education at the FY10 levels. To fund a base of \$4,492 (NOT adjusted for inflation), would cost an additional \$435 million. [This amount was calculated by subtracting current funding levels [681,483 (weighted FTE, *supra* n.11) * \$3,852] from recommended funding levels [681,483 * \$4,492]]. To fund the somewhat-inflated base of \$4,980 would similarly require a significant increase in funds. Appx. G, at 2017ADEQ00044.

The level of funding provided by S.B. 19 is so low that school districts will have *less funds* available for educating students than they would have using the base that the State deemed appropriate for the year 2010. The State cannot, in good faith, argue that merely putting Kansas back to where it was when this litigation started is reasonably calculated to providing a constitutional education today. S.B. 19 is unconstitutional.

3. The State cannot argue it considered inflation.

The State often touts increases in total funding over the years. Total funding of the General Fund plus LOB has only increased \$21 million dollars since 2009. R. Vol. R. Vol. 47, pp. 235-259 (Tr. Ex. 9); Appx. B; Appx. E-2. This is a one-half percent total increase over 8 years, despite 10.8% inflation during those years.⁴ The increase in funding between 2009 and 2018 will be 5.8% despite yet another year of inflation taking its toll (\$62 million per year – see Appx. H).

Year	2008-2009	2016-2017	2017-2018	2018-2019
General Fund + LOB	\$4,114,725,284	\$4,135,727,406	\$4,351,747,267	\$4,449,606,177
Funding Increase since 2009		\$21,002,122 0.5%	\$237,021,983 5.8%	\$334,990,893 8.1%
Cost of Inflation since 2009		\$444,390,331 10.8%	\$506,135,592 12.3% est.	\$567,880,853 13.8% est.
Amount General Fund + LOB is Short of Inflation		\$423,338,209	\$269,113,609	\$232,898,960

⁴ See KLRD Testimony May 12, 2017 to Senate Select Committee on Education Finance, available at http://www.kslegislature.org/li/b2017_18/committees/ctte_spc_select_committee_on_education_finance_1/documents/testimony/20170512_01.pdf.

4. The State cannot argue it considered other necessary cost increases.

Costs have also increased due to other factors, such as enrollment (see Appx. Z). There are 12,527 more students in the system than there were in 2009, a 2.8% increase. There are an additional 34,666.6 *weighted* pupils (those that cost more to educate), an increase of 18.6%. Between enrollment and weighting increases, the General Fund and LOB should have increased by more than \$271 million. Appx. Z. It did not:

Year	2008-2009	2016-2017	Additional since 2009	Percent Increase
Enrollment	447,705.6	460,232.7	12,527.1	2.8%
Weightings (Weighted FTE – Enrollment)	186,584.1	221,250.7	34,666.6	18.6%
Total Increases			47,193.7	
Base Cost at \$4400 in 2009			\$207,652,280	
LOB Cost at 30% (of \$4490 false base)			\$63,569,914	
Total Cost of additional weighted students			\$271,222,194	

District also need additional staff. Since 2009, 2,227 teachers and support staff have been cut. Appendix CC: Data Regarding State Personnel. At an estimated annual cost of \$40,000 per position, replacing 2,227 positions would cost an additional \$89 million. Commissioner Watson testified that school districts needed additional money for purposes of salary increases and fir additional staff to replace the positions that were previously cut. Appendix BB: May 10, 2017 Testimony, at 53. Further, school districts have more students with severe mental health needs than it has ever previously seen. If

districts were to “scale up enough social workers, counselors and school psychologists at the recommended ratios, it would be \$160 million dollars just to target that.” *Id.*, at p.51. These needs of school districts cannot be properly addressed by S.B. 19 and the State cannot argue that S.B. 19 will provide districts with a constitutional level of funding .

5. The reasonable cost studies commissioned by the State estimate that the base should be much higher.

The average of the reasonable cost studies, as adjusted for inflation, suggest that the base should be set at \$6,347 for FY17, which would require an increase to funding *this year* in the amount of \$1.7 billion.⁵ S.B. 19’s funding levels fall far short of what these State-commissioned studies estimate that it would cost to fully fund Kansas K-12 public education. And, they do so despite this Court’s specific warnings not to ignore the cost studies. *Gannon IV*, 305 Kan. at 917; *Gannon I*, 298 Kan. at 1170.

In 2001, the Legislative Coordinating Council was charged with “provid[ing] for a professional evaluation of school district finance to determine the cost of a suitable education for Kansas children.” R.Vol. 14, p.1799; R.Vol. 13, p. 1659 (Pls’ FOF/COL ¶¶261-62). As a result, the Augenblick and Myers (“A&M”) study was conducted.

⁵ At the time of the last appeal, the reasonable cost studies in evidence estimated that the base should be \$5,944 in FY12. (A&M recommendation for FY12 was \$5,965 and LPA recommendation for FY12 was \$5,922, the average of which is \$5,944)). Adjusted for inflation, the average estimated base in FY17 would be \$6,331. The total increase was calculated by subtracting current funding levels [681,483 (weighted FTE, *infra* n.11) * \$3,852] from recommended funding levels [681,483 * \$6,331]. Even if this number was not adjusted for inflation, however, it would still require a significant increase in funds to fund a base of \$5,944. Appx. G, at 2017ADEQ00045. The State is only funding about 20% of what the cost studies estimated it would cost to provide a suitable education *five years ago* in FY12.

R.Vol. 20, p. 2617 (SOF ¶147); R.Vol. 35, pp. 1611-12. There is reliable evidence in the record that the A&M cost study estimated what it cost to provide students with a *Rose*-based education. R.Vol. 24, pp. 3062, 3100.

Adjusted for inflation, compliance with the A&M study would require a base of \$6,260.⁶ Under S.B. 19, school districts will receive \$2,245 less dollars *per weighted student* than the A&M study recommended. Based on 2017's enrollment, this would necessitate an increase of \$1.641 billion; yet, S.B. 19 only provides an increase of \$292.5 million over two years. With no justification or explanation, the State provides only 18% of the increase that the A&M study estimated was necessary to provide Kansas schoolchildren with a constitutional education.

The Legislature also commissioned a second study, the LPA study, during the pendency of the *Montoy* lawsuit. As explained in *Gannon IV*:

While *Montoy* was pending, the legislature directed the Legislative Division of Post Audit (LPA), to 'conduct a professional cost study analysis to estimate the costs of providing programs and services required by law.' K.S.A. 2005 Supp. 46-1131(a). This included '(1) State statute; and (2) rules and regulations or standards relating to student performance outcomes adopted by the state board' of education. 46-1131(b). These statutes included K.S.A 2—5 Supp. 72-1127, which required the [State Board of Education] to design performance outcome standards to achieve the educational goals newly established by the 2005 legislature in subsection (c) – goals that were 'remarkably parallel' to the *Rose* standards. *Gannon I*, 298 Kan. at 1166-67.

⁶ Appx. F, at 2017ADEQ00041; R.Vol. 14, p.1800; R.Vol. 13, p. 1659 (Pls' FOF/COL ¶264); R.Vol. 14, p.1777; R.Vol. 13, p. 1659 (Pls' FOF/COL ¶189(c)).

Gannon IV, 305 Kan. at 879. There is substantial evidence in the record that the LPA cost study estimated what it cost to provide students with a *Rose*-based education. The LPA study was “premised on meeting the *Rose* mirrored goals set out by K.S.A. 72-1127(c) enacted in the 2005 legislative session.” R.Vol. 24, pp. 3062, 3100.

Adjusted for inflation, compliance with the LPA study would require a base of \$6,435.⁷ The current base, authorized by S.B. 19, provides \$2,429 less dollars *per weighted student* than the LPA recommendation. Based on 2017’s enrollment, this would necessitate an increase of \$1.76 billion; yet, S.B. 19 only provides an increase of \$292.5 million over two years. With no justification or explanation, the State provides only 17% of the increase that the LPA study estimated was necessary to provide Kansas schoolchildren with a constitutional education.

Both the A&M cost study and the LPA cost study are reasonable estimates of the actual costs of providing a constitutional education in Kansas. *Gannon IV*, 305 Kan. at 917 (“And we acknowledge that the estimates of the various cost studies are just that: estimates. But they do represent evaluations that we cannot simply disregard.”); R.Vol. 24, p. 3138; R.Vol. 14, pp. 1804, 1958-59; R.Vol. 14, p. 1829 (“[S]imply no evidence has been advanced to impeach the underpinnings of those studies nor the costs upon which they were based.”)). It is appropriate to rely on these cost studies when adjudging S.B. 19. *See, e.g., Montoy IV*, 279 at 844-45 (“This case is extraordinary, but the imperative

⁷ Appx. F, at 2017ADEQ00041; R.Vol. 14, p.1801; R.Vol. 13, p.1660 (Pls’ FOF/COL ¶270); R.Vol. 14, p. 1777, 1801; R.Vol. 13, pp. 1634, 1661 (Pls’ FOF/COL ¶¶189(d), 271).

remains that we decide it on the record before us. The A&M study, and the testimony supporting it, appear in the record in this case. The State cites no cost study or evidence to rebut the A&M study....Thus the A&M study is the only analysis resembling a legitimate cost study before us. Accordingly, at this point in time, we accept it as a valid basis to determine the cost of a constitutionally adequate public education in kindergarten through the 12th grade. The alternative is to await yet another study...and the school children of Kansas would be forced to await a suitable education.”). Yet, the State has offered no reason as to why it ignored these studies and instead chose to fund only a fraction of what the studies estimate it costs to educate a Kansas public schoolchild.

B. The State’s level of increased funding is not reasonably calculated to have all Kansas public education students meet or exceed the standards set out in *Rose*.

Assessing whether S.B. 19 meets Article 6 necessitates consideration of how any “increased” funding will be used. Practically speaking, the State was obligated to determine what school districts could do to increase student achievement with the funding that S.B. 19 provides. To the extent that the State claims that it “increased” funding, the reality is that most of the “additional” funding contemplated by S.B. 19 will be completely absorbed by the naturally-occurring increases to the costs of educating students. Each year, inflation alone consumes approximately 1.5% of the total education funding (or about \$79 million based on FY15 funding levels). See Appendix H:

Demonstrative Inflation Exhibit.⁸ Over the next two years, inflation will consume approximately \$158 million, more than half of S.B. 19's \$292.5 million "increase."

Additionally, it is likely that the first priority of the school districts will be to raise teacher salaries, which have remained stagnant for much of the litigation. *See e.g.*, R.Vol.21, pp.696-97; R.Vol.22, pp.791-92. This is necessary in order to stop the massive loss of teachers drawn to neighboring school districts with higher salaries. R.Vol. 26, pp. 3296-97 (SOF ¶¶20-21); R.Vol. 32, pp. 791-92, 842; R.Vol. 33, pp. 1181-84, 1186-87, 1189-93; R.Vol. 31, pp. 690-91, 696-97; R.Vol. 30, pp. 450, 456-57; R.Vol. 83, p.4369; R.Vol. 96, p.6039; R.Vol. 53, p.801; R.Vol. 52, p.697.

A small increase in pay will come at a substantial cost to Kansas school districts. For instance, a 2.5% salary increase, like the one provided to other state employees in Senate Sub. for House Bill 2002 will cost approximately \$85.7 million dollars for FY18.⁹ And while salary increases are necessary to preserve and retain quality teachers, salary raises do not impact the *level* of activity directed at achievement, increase student performance, or reduce the achievement gap.

⁸ Total state and local funding in Kansas equals approximately \$5.2 billion. As demonstrated in Appx. H, in a \$5.2 billion system, inflation of 1.5% is \$79 million per year. Appx. H is a demonstrative exhibit that draws its data from publically available reports. *See* Appx. H, at 2017ADEQ00046.

⁹ The KPERS system estimates that total school salaries subject to KPERS are approximately \$3.43 billion dollars. Appendix I-1: *Stepping Soundly*: KPERS 2016 Comprehensive Annual Financial Reports for the Fiscal Year Ended June 20, 2016, at 2017ADEQ00233. A copy of the Senate Sub. for House Bill 2002 Summary, explaining the 2.5% raise provided to other state employees, is attached as Appendix I-2.

Only \$194.7 million of S.B. 19’s “increased” funds will be available to school districts in FY18. Appx. B-1, at 2017ADEQ00021 (Col. 2). Forty-four percent of that will likely be consumed by modest salary increases. It is the State’s obligation to explain how the remaining funds will achieve constitutional compliance. *Gannon IV*, 305 Kan. at 857 (citing *Gannon II*, 303 Kan. at 709) (State must “explain[] its rationales for the choices made to achieve [compliance].”). The State cannot explain how the remaining increase will:

- Stop the “steady regression” of “student improvements.” *Gannon IV*, 305 Kan. at 904.
- Decrease the number of Kansas students that “did not meet the state’s own minimum standards for proficiency.” *Id.* at 905.
- Reduce the “achievement gap” that exists in state assessments, NAEP results, ACT Benchmarks, etc. *Id.* at 909-910.
- Reduce the significant graduation rate gap. *Id.* at 912.

There is no conceivable way that S.B. 19 will fix the unconstitutionality identified in the March 2 Order. The State identifies no programs, staff, or resources that can be implemented for that amount of money. And, it is the State’s burden to not only show that such a result is *conceivable*, but also to show that the adoption of S.B. 19 was *reasonably calculated* to achieve that result. When the evidence proves that almost 25% of Kansas students are underperforming on State assessments, plain common sense dictates that the magnitude of the remedy must be increased.

It defies logic for the State to argue that S.B. 19 was *reasonably calculated* to have all students meet or exceed the *Rose* factors. For perspective purposes, by FY12, the cuts to education funding that began in FY09 totaled more than \$511 million. *Gannon I*, 298 Kan. at 1115 (“cuts to BSAPP in fiscal years 2009 to 2012 totaled more than \$511 million”); *Gannon IV*, 305 Kan. at 880 (“By fiscal year 2012...the legislature had reduced BSAPP to \$3,780. In total, the reduction to education funding through these BSAPP reductions constituted a loss of more than \$511 million to local districts.”) (citing *Gannon I*, 298 Kan. at 1114-15). S.B. 19 does not even attempt to restore those cuts for the next school year to get education “back on track”; it provides only \$292.5 million over two years, and does not remedy the damages caused by the past cuts.

S.B. 19 cannot – and does not – cure the unconstitutionality identified in the March 2 Order. The State cannot meet its burden to demonstrate constitutional compliance.

C. Some underperforming districts actually lose funding under S.B. 19.

Under S.B. 19, 53 school districts lose a combined total of \$11.3 million in funding for FY18. Appendix J: Demonstrative Exhibit Regarding District Gains and Losses Under S.B. 19. These losses range from *de minimus* amounts to 20% of their combined General Fund and LOB. More than half of those districts will also lose funding in FY19. *Id.* In light of this Court’s finding that “more money was needed” to achieve constitutional compliance, see *Gannon IV*, 305 Kan. at 913, it defies logic that the State can achieve constitutional compliance for these districts by *reducing* funds. R.Vol. 14, p. 1877 (Panel’s conclusion that “there is simply no reliable evidence

advanced by the State that indicates that *a reduction in funds available* to the K-12 school system” would result in compliance with the “requirements of Article 6”). The State may attempt to argue that the new Extraordinary Declining Enrollment Weight established at Section 51 of S.B. 19 will compensate these districts. But, these districts lose \$11.3 million dollars, and the total appropriation for the Extraordinary Declining Enrollment Weight is only \$2,593,452. S.B. 19, Sec. 1. Like all other areas of S.B. 19, the need is substantially under-appropriated. Section 51 sets up a competition among districts for this funding. Should the KSBE decide to remedy only one-half of the \$4.3 million lost by Geary County (U.S.D 475), the remaining 52 districts would receive nothing. Additionally, Section 51 is only appropriated for FY18. The weighting provides no funding in FY19 because it sunsets July 1, 2018. S.B. 19, Sec. 51(e). This purported “fix” only cures about 25% of the problem and only cures it for one year.

The State offers no justification for *reducing* funds to school districts that area already underfunded to the point that they cannot provide significant numbers of their students with an education that meet the *Rose* standards. There is none. The school districts that will receive less funds under S.B. 19 are school districts that already struggled to provide a constitutional education to its students under prior funding schemes. For instance, by the end of the second year of S.B. 19’s funding, the Geary County school district (U.S.D. 475) will have experienced a 4% decrease in overall funding. Appendix K-2: Demonstrative Exhibit Regarding Year 2 Gains and Losses Under S.B. 19 *With Achievement Data*, at 2017ADEQ00057. But, as the 2015-16 assessment results demonstrate, there is no indication that U.S.D. 475 needs *less* funding.

In 2015-16, 23.54% of the district's students were not on grade level for reading and 30% of its students were not on grade level for math. Appx. K-2, at 2017ADEQ00057. This district is not an anomaly; every district that loses funding under S.B. 19 has a significant portion of its student population not meeting the state's minimum standards for proficiency. *Id.*

In finding CLASS unconstitutional, this Court specifically noted a “steady regression” of “student improvements” and a decrease in students that met “the state’s own minimum standards for proficiency.” *Gannon IV*, 305 Kan. at 905. It tasked the State with correcting these deficiencies. It is the law of this case that money makes a difference when funding education, and that more money is needed to do so at a constitutional level. *Gannon IV*, 305 Kan. at 864, 892. The State cannot respond to the March 2 Order by reducing funds to struggling school districts. Yet, that is exactly what it did. Such a result is not “reasonably calculated to have all Kansas public education students meet or exceed the standards set out in *Rose*.” The State cannot meet its burden to demonstrate constitutional compliance.

D. Components of S.B. 19 are politically motivated and do not reflect cost-based decisions that are reasonably calculated to have all students meet or exceed the standards set out in *Rose*.

The State’s guide star in adopting S.B. 19 should have been compliance with the Kansas Constitution. In that vein, the State should have been more concerned with fixing the constitutional deficiencies identified in the Court’s March 2 Order and less concerned with political compromise. *Gannon v. State*, 304 Kan. 490, 513, 372 P.3d 1181 (2016) (“*Gannon III*”). To the extent that the State contends it failed to adequately fund

education at a constitutional level because it was politically unable to do so, Plaintiffs remind this Court of its response to that argument in the equity portion of this appeal.

The political necessities of the legislature are similarly irrelevant to our review. The constitution of the people of Kansas does not change its requirements based on legislators' support, or nonsupport, of proposed legislation. Rather, the Kansas Constitution "is the supreme and paramount law, receiving its force from the express will of the people." Just as the legislature has the power and duty to create a school funding system that complies with Article 6, it is this court's power and duty to determine whether an act of the legislature is invalid under that constitution, *i.e.*, if the legislature has met its duty. A law's political expediency or level of support will not shield it from such review.

Gannon III, 304 Kan. at 513 (internal citations omitted). Unfortunately, as Section 23 of S.B. 19 demonstrates, the State disregarded this warning.

S.B. 19 only increased funding to Kansas public schools by \$293 million. Two million of those dollars each year were provided to two school districts to support a need that the districts do not even have. Section 23 provides that, if a district has less than 10% at-risk students, it still is allowed to obtain at-risk funds as if the district has 10% at-risk students. This is true regardless of how many of the students meet at-risk program guidelines. There are only two districts in Kansas that have less than 10% at-risk students: the Blue Valley school district (U.S.D. 229) and the De Soto school district (U.S.D. 232). Appendix X: Kansas Legislative Research Data Regarding 10% At-Risk Floor. This provision does not require these two school districts have 10% at-risk students, but allows them to each obtain at-risk funding for 10% of the district's enrollment. Sec. 23(a)(3). The result is that these two districts split almost \$2 million in at-risk funds for at-risk students that these school districts do not have. This is not cost-

based. It is merely a method by which to increase funding to two politically influential school districts.

E. The weightings within S.B. 19 ignore financially important changing conditions, and do not comply with the Court’s March 2 Order or the Kansas Constitution.

In finding CLASS’s structure unconstitutional, this Court criticized the funds provided because “they [were] only minimally responsive to financially important changing conditions such as increased enrollment, in general or by subgroup—which can include those ‘to whom higher costs are associated.’” *Gannon IV*, 305 Kan. at 855-56. The State is obligated to demonstrate that S.B. 19 “is reasonably calculated” to correct this constitutional violation. *Id.* at 501. It is not. S.B. 19’s weightings ignore the actual costs of providing a constitutional education to certain student subgroups that are more expensive to educate and are insufficient to provide a constitutional level of funding for those students.

In adopting S.B. 19, the State did nominally pay heed to the Panel’s warning that the system needed “selective and relevant upward changes in *weightings*.” R.Vol. 24, pp. 3104-05. It increased the at-risk weighting from 0.456 to 0.484, but then used a much lower base than is required to fund the weighting. As Plaintiffs have repeatedly made clear, the weighting system only functions properly when the system or base is adequately funded. R.Vol. 30, pp. 312-14; R.Vol. 43, pp. 3346, 3373-774, 3378; R.Vol. 43, p. 3278; R.Vol. 77, p. 3541. Unfortunately, the State – knowing this – still chose to underfund the base, which has a more potent, dangerous effect on those students who cost

more to educate. The State was fully aware of this when it adjusted the at-risk weighting from 0.456 to 0.484.

Reducing the base has a more dramatic effect on those districts with increased numbers of at-risk students. For every dollar that the base is reduced, “[an] additional almost 50 cents on the dollar, is also removed.” R.Vol. 30, pp. 385-386. So, while Plaintiffs contend that underfunding the base deprives all students of a constitutional education, the effects are felt even harder by those students that cost more to educate because of the multiplier effect. This is demonstrated by the significant achievement gap between the students that qualify for at-risk funding and those that do not. Appendix K-1: Demonstrative Charts Regarding Achievement Gap Between Free Lunch Students and Paid Lunch Students. While a higher percentage of free lunch students are below grade level, a significant number of paid lunch students are below grade level. *Id.* The State is obligated to cure these constitutional deficiencies for all students based on this Court’s March 2 Order; an underfunded base simply cannot accomplish that goal.

The LPA study did recommend an at-risk weight of 0.484 (the weighting ultimately incorporated into S.B. 19). But, when the LPA study recommended that at-risk weighting in 2007, it also recommended that its complementary base be funded at \$4,659, a base \$653 higher than the S.B. 19 base. R.Vol. 81, pp. 3966-68 (Tr. Ex. 199 – LPA Study). The State increased the at-risk weighting in S.B. 19, but significantly underfunded the base. As a result, the “at-risk” students are not receiving the full benefit of that weighting and are therefore not receiving the amount of money that the LPA study estimated it would cost to provide them with a constitutional education in 2007.

In 2007, the LPA study recommended that school districts receive a base level of funding of \$4,659 for each student and weighted funding of \$6,914¹⁰ for each at-risk student. If the State had merely adopted the 2007 LPA recommendation, it would have required the State to provide \$428 million in total at-risk funding for FY18. Appendix M: Demonstrative Chart Comparing Effects of Weightings Under Different Bases.¹¹ S.B. 19 does not provide \$428 million in at-risk funding. As a result of S.B. 19's lower base, school districts will only receive approximately \$368 million¹² in at-risk funding Appx. M. To receive the full funding contemplated by the LPA study for the year 2007 at the lower base of \$4,006 would require an actual at-risk weighting of 0.563.¹³ Appx. M.

While the State did adopt a higher at-risk weighting, S.B. 19 provides about \$60 million *less* than what the LPA estimated that it would cost to educate at-risk students in 2007. Appx. M. Considering the LPA's urban poverty funding recommendations demonstrates that at-risk funding is actually \$74 million short of what the LPA estimated that it should be in 2007. Appendix N: Demonstrative Chart Comparing Various At-Risk Funding Scenarios. The State simply cannot justify spending \$60 million less than what the reasonable, *Rose*-based LPA study recommended spending *ten years ago*.

¹⁰ $\$4,659 \text{ (recommended base)} * 0.484 \text{ (recommended weighting)} + \$4,659 \text{ (recommended base)} = \$6,913.96.$

¹¹ The LPA recommendation of \$428 million was calculated by multiplying the free lunch headcount (189,909, *see* Appx. B-1, at 2017ADEQ00024) by the 0.484 at-risk weighting and the LPA's recommended base (\$4,659, *see* R.Vol. 81, pp. 3966-68).

¹² $189,909 \text{ (free lunch headcount, see Appx. B-1, at 2017ADEQ00024)} * \$4,006 \text{ (FY18 base)} * 0.484 \text{ (at-risk weighting)} = \$368,215,319.74.$

¹³ $\$428 \text{ million (at-risk funding recommended by LPA for 2007)} / \$4,006 \text{ (FY18 base)} / 189,909 \text{ (free lunch headcount, see Appx. B-1, at 2017ADEQ00024)} = 0.5625.$

When the at-risk funding is adjusted for inflation, the results are even more staggering. Adjusted for inflation, compliance with the LPA study would require a base of \$6,435 in FY18 (\$2,429 *more* per student). Appx. F, at 2017ADEQ00041. At that base, the amount of funding that should be provided to at-risk students under the LPA's recommended weighting is \$1.2 billion¹⁴; the State's decision to fund only \$368 million cannot be considered to be reasonably calculated to providing these students with a constitutional education. S.B. 19 does not provide sufficient funding for at-risk students.

F. Providing all-day kindergarten does not cure S.B. 19's deficiencies.

S.B. 19 provides funding for full-day kindergarten. S.B. 19, Sec. 4. The State may attempt to argue that this targets educational resources to these students, which will favorably impact the achievement gap noted by this Court. But, prior to the adoption of S.B. 19, 91.1% of students already attended full-day kindergarten and 88.8% of districts already offered full-day kindergarten to all of its students. Appendix Q: Demonstrative Chart Regarding 2015-2016 Kindergarten Enrollment, With Supporting Data. Thus, overall, the funding of full-day kindergarten will only minimally affect the level of education that Kansas public schoolchildren are receiving. The achievement failure rates noted by this Court cannot improve with the initiation of full-day kindergarten because it effectively already existed at the time that the failure rates were noted. If 91.1% of students were already attending full-day kindergarten, the lack of that program cannot be

¹⁴ 189,909 (free lunch headcount, *see* Appx. B-1, at 2017ADEQ00024) * \$6,435 (recommended base adjusted for inflation) * 0.484 (recommended weighting) = \$1,222,064,414.52.

the cause for regression in student achievement and declining assessment results noted in this Court’s March decision.

The additional appropriation for full day kindergarten amounts to approximately \$62 million. Appx. B (additional 15,606 FTE kindergarten students * \$4,006). The funding goes to all districts, not just at-risk districts, so it does not target more funding specifically to at-risk districts or students.

III. THE LEGISLATURE HAS FAILED TO SUPPORT S.B. 19 WITH THE MONEY NECESSARY TO FULLY FUND IT

To the extent that the State has arguably put *some* structure in place for Kansas students to receive an education that meets the requirements of the Kansas Constitution (*i.e.* – by passing S.B. 19), it has not taken any actions to fully fund the bill and therefore does not constitutionally **implement** the legislation. *Gannon I*, 298 Kan. at 1169 (citing *Montoy I*, 275 Kan. at 153 (acknowledging that seemingly constitutional legislation, when underfunded, can lead to an unconstitutional system)).

S.B. 19 is dependent on additional tax revenue generated by Senate Bill 30, enacted by the Kansas Legislature on June 6, 2017. However, even with this additional revenue, Kansas will be facing a negative ending balance as early as FY21, the third year of the plan. See Appendix O: Kansas Legislative Research Department’s State General Fund Overview for FY18-FY21. This is indicative of a structural problem with S.B. 19. It is especially worrisome in light of post-*Montoy* events, when the State began making cuts to education and blamed them on the State’s “self-imposed fiscal dilemma.” R.Vol. 24, at p.3161.

This is closely related to another structural issue with S.B. 19: even if the State later develops a plan to fund S.B. 19 in FY 20 and FY21, it may simply choose not to do so. Section 4(e) of S.B. 19, which requires future legislatures to increase funding based on the CPI, should be viewed skeptically. The State has demonstrated a clear pattern of making representations in order to secure dismissal of a school funding case, only to default on those commitments once the Court releases jurisdiction of the matter. One example is the State's past promise to annually adjust funding levels based on the CPI. See 2006 K.S.A. 72-64c04. Historically, the State failed to implement CPI increases despite the statutory obligation to do so. Appendix P-1: Demonstrative Exhibit Regarding CPI Increase in Prior Law.¹⁵ It is fair to assume that the Legislature could make a similar decision in the future and not actually increase funding after FY19.

Further, S.B. 19 is structurally unsound because it does not fully fund the programs that it legislates. S.B. 19 significantly underfunds Special Education, the Mentor Teacher Program, and the Professional Development Program, all of which the State chose to include in S.B. 19. When it adopted S.B. 19, the State retained the requirement that Special Education be funded at 92% of excess costs. Compare S.B. 19, Sec. 60(a); with 2015 K.S.A. 72-978(a); *Montoy v. State*, 282 Kan. 9, 22, 138 P.3d 755 (2006) ("Special education excess cost reimbursement has been increased from 85

¹⁵ An increase at the required 3.64% CPI-U would have required that FY10 funding increase by \$80,463,470 [$\$2,210,535,127 * 0.0364 = \$80,463,478.62$] for a total of \$2,290,998,606. FY10 funding only totaled \$2,068,312,380. See Appendix P-3: General State Aid/Supplemental General State Aid for Kansas USD's 2009-2010, at 2017ADEQ00098 [\$1,929,618,677 (total general state aid) + \$138,693,703 (federal ARRA)]. That is \$222,686,226 short of what the CPI increase required.

percent at the time of *Montoy II* to 92 percent, and provides by 2008-09 an additional \$ 111.5 million in new funding.”). This requires that the State pay \$503,482,999 to Special Education in FY18 and \$513,552,659 to Special Education in FY19. Appendix L-2: KSBE’s July Board Materials, at 2017ADEQ00390.

At the time that the State adopted S.B. 19, the Legislature was well aware that funding Special Education at 92% of excess costs would necessitate additional money. The KSBE estimated that it would cost an additional \$69.5 million in FY18 and an additional \$79.6 million in FY19. Appx. L-2, 2017ADEQ00390. But, the State failed to appropriate the additional money that it knew it would cost to fully fund Section 60(a). Instead, the State only increased Special Education funding by \$12 million for FY18 and for FY19. Appx. B-1, at 2017ADEQ00021 (Row 5). The State intentionally and significantly under-appropriated Special Education funding. In FY18, funding will be \$57.5 million short and funding will be \$55.6 million short in FY19.

The State chose to adopt S.B. 19 Section 60(a) and require that Special Education be funded at 92% of excess costs. It has continuously maintained this funding requirement for the purpose of supplementing federal allocations under the Individuals with Disabilities Education Act.¹⁶ Unfortunately, it also has continuously maintained its unconstitutional pattern of pro-rating funding based on the amount of funds available and/or political compromise. The State has under-appropriated Special Education

¹⁶ See <http://www.ksde.org/Agency/Division-of-Learning-Services/Early-Childhood-Special-Education-and-Title-Services/Special-Education/Special-Education-Fiscal-Resources/Categorical-Aid>.

funding throughout the pendency of this litigation; FY11 is the last time Special Education was funded to 92% of excess costs. Appendix L-1: Demonstrative Exhibit Regarding State Special Education Funding. This under-appropriation is very similar to the under-appropriation of LOB State Aid, which was ruled unconstitutional in the equity portion of this case. The downward proration to fit an artificial budget target indicates a structural deficiency in the implementation of the new formula. The entire *Gannon* suit has focused on under-appropriation. This under-appropriation of Special Education shifts those excess costs to other parts of the formula. Districts have been obligated to meet the unwavering state and federal mandates for special education. Since Special Education funding has not increased to meet those increased costs, school districts have been forced to cannibalize funding from general funds and LOB funds to meet these requirements. Such cannibalization will continue to be required since S.B. 19 once again underfunds Special Education. The level of cannibalization due solely to Special Education for FY18 is \$57.5 million. Appx. L-1, L-2.

Likewise, S.B. 19 under-appropriates the Mentor Teacher Program. S.B. 19 incorporated the SDFQPA's Mentor Teacher Program. *Compare* 2015 K.S.A. 72-1414 with S.B. 19, Sec. 63. It would cost \$3 million to fully fund the law. Appx. L-2, at 2017ADEQ00391. Without explanation, S.B. 19 appropriates less than half of that (\$800,000) for FY18 and for FY19. Sec. 1(a), 2(a). This does not even return the funding of the program back to the FY09-FY11 levels. Appx. L-2, at 2017ADEQ00391.

Finally, S.B. 19 under-appropriates the Professional Development Program. S.B. 19, Sec. 94. It would cost \$8.5 million to fully fund the program. Appx. L-2, at

2017ADEQ00392. For both FY18 and for FY19, S.B. 19 only appropriates 20% of the full cost of implementing the program (\$1.7 million each year). The State offers no justification for retaining the program, but then failing to fund what it actually costs.

IV. ACHIEVEMENT LEVELS WERE UNACCEPTABLE EVEN AT THE *MONTROY* LEVEL OF SPENDING.

The KSBE's recommendation and the Panel's recommended funding levels are largely based upon the legislative adopted base of \$4492 at the conclusion of the *Montroy* case. While this level of funding was never reached, evidence at trial and in the record since shows that spending at pre-cut levels still produced the unacceptable failure rates noted by this court. This would indicate that even those spending levels were insufficient. It should be noted that spending levels have never approached the levels recommended by the professional studies done by the state by A&M and LPA. Failure rates bottomed out in approximately 2011 with approximately 22% of the at-risk students not performing to standards. The 2016 data shows those failure rates now rising to approximately 38%. Appendix DD: Kansas Assessment Data Excerpts. The State attempted to argue at trial, and may continue to argue, that somehow these achievement results would be different if we looked at all funds, including federal funds and LOB, rather than just the general fund. The proofs, however, show that these failure rates occurred when all funds *were* being considered. In the years that the achievement data demonstrates that students were failing, all of those funds were in fact being spent and impacted the educations of the children tested. The results still show unacceptable failure

rates. Any argument that funding levels would be acceptable if LOB and federal funds are “included” must fail. The proof is in the past and current unacceptable outputs.

V. BEST PRACTICES ARE NOW MANDATED FOR ALL AT-RISK SPENDING, BUT THE STANDARDS ARE NOT DEFINED.

Section 25 of S.B. 19 adds a requirement that all at-risk funding be only spent upon “at-risk educational programs based on best practices” as determined by KSBE. The bill then mandates KSBE to identify these best practices by July 1, 2018. This is a change from current law. Current law only requires that at-risk funds be spent as approved by KSBE. Currently the new “best practices” have not been completed and released by KSBE and schools will not even know what these new best practices are while they prepare their budgets and begin school. It is a structural defect in the formula to limit or change how hundreds of millions of dollars may be spent without articulating the required change.

VI. S.B. 19 DOES NOT MEET THIS COURT’S EQUITY TEST

In its March 2 Order, this Court instructed the Legislature “to be mindful of the connection between equity and adequacy.” *Gannon IV*, 305 Kan. at 917. Any legislative cure must comply with this Court’s equity test, which requires that school districts have “reasonably equal access to substantially similar educational opportunity through similar tax effort.” *Gannon I*, 298 Kan at 1175. S.B. 19 significantly disrupts the equity of the funding distribution, and for those reasons, fails to comply with the Court’s Order and the Kansas Constitution.

A. S.B. 19 Violates the Equity Component of Article 6 Because It Subjects Schools to a Protest and Election Process to Gain Full Access to Available Funds

S.B. 19 once again improperly hinges the funding of public education to the whim of local taxpayers. *See e.g.*, R.Vol. 137, p. 1469. Notably, S.B. 19 grandfathers every district's former LOB percentage into the new formula. While most districts had approved an LOB of 30%, certain, usually more wealthy, districts were able to implement a 33% LOB, after successfully navigating a mandatory election process. Therefore, 44 districts now have access to \$30 million in additional, local resources. Appendix U: Demonstrative Chart Showing 33% LOB Grandfathered Advantage, at 2017ADEQ00119. The additional resources available to these 44 districts are not available to the remaining school districts without surviving the protest/election process. As such, S.B. 19 cannot be said to accord "school districts reasonably equal access to substantially similar educational opportunity through similar tax effort." And, the disparity in resources is significant, ranging from the low of an additional \$61 per student to an additional \$381 per student. Appx. U, at 2017ADEQ00119.

The fact that the State retained the protest/election requirement further demonstrates that S.B. 19 violates the equity provisions of Article 6. In effect, the State once again unconstitutionally conditions a school district's ability to fund an education for its students to the whim of its local voters, in violation of the Kansas Constitution. R.Vol. 37, p. 1504 (adopting Plaintiffs' Proposed FOF/COL Re: Equity). This creates unequal access to funding, and allows wealthier districts more educational opportunity through that funding. It, as the Panel found, violates the equity test. R.Vol. 37, p. 1504.

The history of failed elections related to school funding in Kansas demonstrates that wealthier school districts have an easier time passing local tax increases. By requiring local voter approval, the Legislature perpetuates a system by which the school districts do not have “reasonably equal access” to equalization money. Instead, they have wildly inconsistent access based on the results of the election. Constitutionally required equity cannot be a function of whether a community is wealthy enough or has enough like-minded voters to succeed in raising additional LOB funds through statutorily-required elections.

There is an obvious correlation between a school district’s wealth and the likelihood that it will be able to pass an election to access additional funds. Between 1995 and 2012, 59% of LOB elections failed. Appendix V: Previously Admitted Equity Exhibits, at SFFF000790-804. Disaggregating to account for wealth, however, produces shocking results. School districts with an assessed valuation per pupil (“AVPP”) of more than \$100,000 have a 25% failure rate for LOB elections. Appx. V, at SFFF00788-789. But, those districts with an AVPP between \$50,000 and \$100,000 have a 60% failure rate for LOB elections. And, 81% of the LOB elections between 1995 and 2012 have failed for those poorest school districts, with an AVPP under \$50,000. *Id.*

A review of the failure rates for capital outlay elections reveals similar results. Between 1995 and 2012, 48% of capital outlay elections failed. Appx. V, at SFFF000790. But, **none** of those failed capital outlay elections occurred in wealthier school districts with an AVPP of more than \$100,000. Appx. V, at SFFF000788. The failure rate for capital outlay elections jumps up significantly (to 53%) for school districts

with an AVPP between \$50,000 and \$100,000. In the poorest school districts, with an AVPP under \$50,000, four out of every five capital outlay elections (80%) fail. *Id.*

Importantly, this empirical data supports what educators in Kansas already know and testified about at trial. A school district's wealth makes a significant difference in whether it can raise education funding when an election is required. As Superintendent Lane testified:

We have not gone out for the referendum to raise the LOB to 31 percent because we're very much aware that in a community where most of your children live in poverty, where the median income is less than 38,000 a year, it's not impossible but highly unlikely that the voters, who are very passionate and supportive of what we do in schools, can afford to increase their taxes at all. So the board is committed to not asking for another general obligation bond and promised that to the voters prior to the passage of that last bond issue.

R.Vol. 30, p. 281 (emphasis added); R.Vol. 31, 522 (discussing the same issue in the context of capital outlay equalization).

S.B. 19 does not comply with the March 2 Order because it does not comply with all "previously identified constitutional mandates," specifically – it does not meet Article 6's equity requirements.

B. S.B. 19 Violates the Equity Component of Article 6 By Shifting the Payment of Certain Operational Costs From the General Fund to the Capital Outlay Fund

S.B. 19 is further dis-equalizing because it allows school districts to expand capital outlay uses and pay certain *operational costs* from the capital outlay fund. Appx. A, at 2017ADEQ00010 (describing changes to Capital Outlay). In doing so, it significantly

disrupts whether school districts have reasonably equal access to substantially similar educational opportunity and therefore violates Article 6's equity test.

Section 91 of S.B. 19 makes changes to the permissible uses of money in the capital outlay fund. *Compare* S.B. 19, Sec. 91 *with* 2015 K.S.A. 72-8804. Notably, Section 91 adds two additional purposes for which school districts can expend any moneys in the capital outlay fund: utility expenses and property and casualty insurance. Sec. 91(a)(8), (9). These are *operational costs*. This fundamentally changes the use of the capital outlay fund.

For FY17, capital outlay expenditures, statewide, only totaled \$295.5 million. Appendix T: FY17 Capital Outlay Aid, at 2017ADEQ00118 (combining the totals of Cols. 3 and 5). Adding in utility expenses and property and casualty insurance will increase the expenditures made from the Capital Outlay Fund by over half. *See* Appendix S: KSDE Expenditures Report SF17-031, at 2017ADEQ00109 (statewide FY16 utility expenditures were \$123 million and statewide FY Property and Casualty Insurance expenditures were \$39 million for a total of \$162 million).

This expansion of authority violates the equity test in two ways: (1) because of the equalization method used and (2) capital outlay is wealth-limited to 8 mills. First, the equalization provided to school districts for moneys within the capital outlay fund is calculated differently than the equalization provided to school districts for moneys within the LOB supplemental general state aid fund. *See Gannon III*, 304 Kan. at 505 ("Under the capital outlay aid formula, however, the equalization point becomes significantly lower and set to the median AVPP on the State Board's AVPP schedule."). Instead of

receiving equalization at the 81.2 percentile, districts only get equalization for Capital Outlay up to about the 62nd percentile, using the lesser (median) method. Equalization aid for Capital Outlay is much less generous than for LOB.

The Court has historically tolerated the lower equalization for capital outlay largely because the capital outlay fund was, at least in the past, limited in its use. *Gannon III*, 304 Kan. at 506 (“By law, school districts may only use capital outlay funds for capital improvements such as building costs, equipment purchases, and other authorized investments.”); *id.* (“In sum, LOB enhances a district’s ability to perform its basic function, while capital outlay, although necessary, is indirect and generates considerably smaller revenue.”). But, S.B. 19 changes the authorized uses of the capital outlay fund in a manner that directly ties the fund to the district’s ability to perform its basic function. In *Gannon III*, this Court stated:

We must conclude that applying the former capital outlay formula—to calculate supplemental general state aid—creates intolerable, and simply unfair, wealth-based disparities among the districts. While these disparities are acceptable when computing aid in the smaller and less flexible capital outlay arena, the degree of inequity among the districts is too great when considering that the LOB has developed into such a major source of basic, and versatile, educational funding.

Gannon III, 304 Kan. at 507.

Second, Capital Outlay is capped at 8 mills. The money that a district can generate in its Capital Outlay Fund differs significantly based solely on one factor: that district’s wealth. Appendix R: Demonstrative Capital Outlay Funding Comparison. Comparing the capital outlay funding for various districts shows the dis-equalizing effects of this provision. This is true even when the equalization aid is considered

Districts with lower wealth will not have the same ability to shift expenditures. The Kansas City school district (U.S.D. 500) does not receive even half of the Capital Outlay funds that Blue Valley has available to it. These two districts are of similar size but greatly different wealth. If Kansas City used its \$9 million Capital Outlay funding for utilities and insurance, they would have no funds left for actual capital outlay needs, while Blue Valley (U.S.D 229), spending about the same amount on utilities and insurance, would still have \$13 million left. If Dodge City used its Capital Outlay funding for Utilities and Insurance it would have very little left for capital outlay needs. Other, wealthier districts of the same size, will not have the same difficulty. Expanding the use of a wealth based fund allows districts with high wealth to shift vastly more operating expenditures into capital outlay, freeing up their general fund or LOB for offering additional educational opportunities to their students. It is an equity violation. Appx. R., at 2017ADEQ00107. *Gannon III*, 304 Kan. at 501 (“[T]he State may not allow children to receive disparate levels of educational opportunity on the basis of wealth, especially the property wealth of the district where they happen to live (citing *Gannon I*, 298 Kan. at 1174 (“Education in Kansas is not restricted to that upper stratum of society able to afford it.”))).

C. S.B. 19 Violates the Equity Component of Article 6 Because it Equalizes the Prior Year’s LOB

Under S.B. 19, LOB equalization aid will be paid only upon the prior year’s LOB. This provision wholly disconnects the equalization aid from its purpose: “to equalize property-poor districts’ local revenue-raising authority.” *Gannon III*, 304 Kan. at 495.

As a result of this provision, no district will receive LOB equalization aid for any LOB increases for the first year of its increase. It delays aid to a needy district by a year, and it costs the State less this year. This provision is not unlike borrowing money from the highway fund. The KSDE estimates LOB increases for FY18 will be \$32.1 million. Appendix Y-1: Demonstrative Calculation of Unequalized LOB Due to Use of Prior Year LOB, at 2017ADEQ000136. Under the prior system, those increases would be subject to equalization aid and the State would have appropriated \$16.3 million in state aid for those districts. Under the new system, state aid for LOB is paid based on the prior year LOB, so those districts will not get any additional LOB state aid. It is the lowest valuation districts that receive the largest percentage of their LOB in equalization funding. Having to raise the first year's increase with no equalization will be an obstacle to raising it at all.

Interestingly, if a district abolished its LOB, it would still receive LOB state aid that year. Districts with decreases to their LOB authority will still receive \$2.8 million in extra aid on those decreases. Appx. Y. This is a violation of the equity test.

CONCLUSION

The State cannot meet its burden to show that SB 19 cures the constitutional infirmities in the Kansas school finance system. While the structure of the new formula passes constitutional muster, with a few exceptions, the implementation of the formula, specifically the magnitude of its appropriations, completely misses the mark.

S.B. 19 increases the from \$3,852 to \$4,006 to \$4,128. Using this as a measure of the adequacy of S.B. 19 demonstrates its unconstitutionality; it falls far short of all other estimates as to what the base should be for FY18 and FY 19. The KSBE recommended

the base increase to \$4,604 and then \$5,090. The Panel suggested a base of \$4,980. The inflation-adjusted cost study recommendations would require a base of \$6,435 (for the LPA study) or \$6,260 (for the A&M study). Merely adjusting the 1992 base of \$3,600 for inflation would require a base of \$6,006. S.B. 19 does not fund anywhere near this and does not remedy the constitutional infirmities, when using the base as the measure.

If this Court instead measured the adequacy of S.B. 19 by the amount of increased spending, S.B. 19 again falls short. S.B. 19 increases spending by \$194.7 million in year one and by an additional \$97.8 million in year two, for a two year total of \$292.5 million. The KSBE recommended a two-year request of \$893 million; S.B. 19 falls \$600 million short. The cost studies suggested even larger increases. Funding the levels recommended by LPA the would require an increase of about \$1.7 billion. Funding the levels recommended by A&M require an increase of about \$1.6 billion. Funding to the levels suggested by Panel would cost about \$769 million. Simply returning to the inflation unadjusted 2010 base of \$4,492 would cost about \$436 million. S.B. 19 funds only about 33% of the KSBE request, 17% of the LPA-indicated cost, 18% of the A&M-indicated cost, and 36% of the Panel-indicated cost. Using increased funding as the measure, S.B. 19 does not remedy the constitutional infirmities.

Two years of inflation alone will cost \$158 million and consume 54% of the increase provided by S.B. 19.

The level or magnitude of funding provided by S.B. 19 simply does not meet the constitutional adequacy mandate by any measure. It is not even close.

Evidence at trial indicated that educators know how to address the achievement gap, they know how to increase achievement, and they just do not have the resources to do it. S.B. 19 does not provide those resources.

Evidence at trial indicated that greater infusions of resources after the *Montoy* case resulted in increased achievement. As the resources were withdrawn, achievement dropped. Minimal or inadequate infusions of resources will not meet the Court's mandate. All evidence indicates that the magnitude of the increases matter and that the magnitude of the S.B. 19 increase greatly misses the mark.

Adequacy aside, S.B. 19 does not meet the Constitution's equity requirements. Funding operational costs from capital outlay, with its lesser equalization scheme and its wealth based limit is a clear equity violation. Grandfathering districts that passed the protest/election gauntlet to gain a 33% LOB allows them a 3% resource advantage from the beginning of the new formula. This is a clear equity violation. Linking LOB authority to a protest/election requirement denies equal access and is a clear equity violation. Allowing two districts to pocket \$2 million to educate at-risk kids they do not have is a clear equity violation. Equalizing LOB based on the prior year's LOB denies equalization to some and continues equalization for others when it should not continue. It is an equity violation.

When this Court was faced with a strikingly similar legislative response in *Montoy*, it found the response to be "unsatisfactory." The same result is warranted here.

For the reasons stated above, Plaintiffs request that this Court:

- (1) Declare S.B. 19 unconstitutional.

(2) Enter a finding that the Legislature should appropriate at least enough money to meet the KSBE's request for additional resources. This would require funding a base in FY18 of \$4,604, costing approximately \$567 million, and a base in FY19 of \$5090, costing an additional \$328 million for a total two-year increase of \$893 million. It would also require full funding of Special Education at 92% of Excess Costs as required by statute.

(3) Disallow the addition of utilities and insurance expenditures to capital outlay authorization.

(4) Authorize all districts a starting LOB of 33%,

(5) Remove any requirement that LOB authority be linked to a protest/election requirement.

(6) Disallow the discriminatory 10% floor to at-risk funding.

(7) Require that LOB be equalized in the current year rather than the prior year.

Plaintiffs request that the court set a new deadline of September 1, 2017 for these unconstitutional provisions to be remedied. Allowing the unconstitutional system to continue for yet another year upon the hope that next year's legislature might enact a better cure is not appropriate. The children of Kansas have waited long enough. Absent a constitutional cure, Plaintiffs request that the implementation of the finance system be declared void. Plaintiffs would further request the opportunity to brief exceptions to any spending injunction to allow for the preservation and security of district properties and systems should that be necessary.

Dated this 30th day of June, 2017.

Third Conference Committee Report Brief regarding Senate Bill

No. 19

This report is publically available at:

http://www.kslegislature.org/li/b2017_18/measures/documents/ccrb_sb19_02_0000.pdf.

It is appropriate to take judicial notice of this report, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

SESSION OF 2017

**THIRD CONFERENCE COMMITTEE REPORT BRIEF
SENATE BILL NO. 19**

As Agreed to June 5, 2017

Brief*

SB 19 would make appropriations for the Department of Education (KSDE) for FY 2018 and FY 2019; enact the Kansas School Equity and Enhancement Act; add a section requiring KSDE to produce a report concerning school district revenues, expenditures, and demographics; and amend the Tax Credit for Low Income Students Scholarship Program, the Virtual School Act, and statutes related to Capital Improvement State Aid and capital outlay.

Kansas School Equity and Enhancement Act

The Kansas School Equity and Enhancement Act (Act) would provide for State Foundation Aid (SFA) to be provided to school districts. SFA would be calculated by multiplying the base aid for student excellence (BASE) by the adjusted enrollment of the district and deducting the local foundation aid of the district. The adjusted enrollment of the district would be calculated by adding the weighted enrollments for at-risk students, declining enrollment, high-density at-risk students, bilingual, low enrollment, high enrollment, new school facilities, ancillary school facilities, cost of living, special education and related services, career technical education, and transportation to the enrollment of the district. The BASE would be set at \$4,006 for school year 2017-2018, \$4,128 for school year 2018-2019, and adjusted each year

*Conference committee report briefs are prepared by the Legislative Research Department and do not express legislative intent. No summary is prepared when the report is an agreement to disagree. Conference committee report briefs may be accessed on the Internet at <http://www.kslegislature.org/klrd>

2017ADEQ00001

thereafter according to the average percentage increase in the Consumer Price Index (CPI) for all urban consumers for the Midwest region during the three immediately preceding school years.

The Act would also allow any district to adopt a local option budget (LOB) by resolution of the school board. The LOB would be capped at 33.0 percent of the product of the BASE and the adjusted enrollment of the district. In any year in which the BASE is less than \$4,490, the LOB would be capped at 33.0 percent of the product of the \$4,490 and the adjusted enrollment of the district. Beginning in school year 2019-2020, the BASE aid amount allowed to be used to calculate LOB authority would increase based on a three-year CPI average. Any district adopting an LOB in excess of 30.0 percent would be subject to protest petition.

Finally, the Act would define key terms, charge the State Board of Education (KSBE) with developing and implementing a school accreditation system and with conducting a cost study of career and technical education programs, give the KSBE authority to adopt rules and regulations to administer the Act, and provide for several performance audits by the Legislative Division of Post Audit (LPA). The provisions of the Act would not be severable and would expire July 1, 2027.

Enrollment

The enrollment of a school district would be the number of students regularly enrolled at the district on September 20 of the preceding school year. If the enrollment of the district the preceding school year decreased from enrollment in the prior year, the enrollment would be the enrollment of the district from the second preceding school year. A third enrollment option would be available for school districts that have military students and are receiving federal impact aid, allowing them to use the average enrollment of the three preceding school years.

Students who are not Kansas residents would be counted as 1.0 full-time equivalent (FTE) in school years 2017-2018 and 2018-2019, as 0.75 FTE in school years 2019-2020 and 2020-2021, and as 0.5 FTE in subsequent years. Out-of-state students whose parents or legal guardians are employed by the district or who were enrolled in the school district during the preceding school year would continue to be counted as 1.0 FTE.

Students enrolled in kindergarten full time would be counted as 1.0 FTE. Formerly, kindergarten students were counted as 0.5 FTE. Students enrolled in kindergarten in a school district in the preceding school year would be counted as 1.0 FTE, regardless of actual attendance during the preceding year.

At-Risk Student Weighting

The at-risk weighted enrollment of the district would be determined by multiplying the number of students eligible for free meals under the National School Lunch Act by 0.484. Any school district maintaining kindergarten through 12th grade would be allowed to substitute 10.0 percent of the district's enrollment multiplied by 0.484 for the purposes of this weighting.

For school year 2018-2019 and subsequent years, the bill would require those funds be used for at-risk education programs and services contracted for to provide such programs based on programs identified and approved by KSBE as evidence-based best practices. The bill would also replace "at-risk student" with "students identified as at-risk" in the subsection requiring each local board to submit a report to KSBE concerning such services.

Bilingual Weighting

The bilingual weighted enrollment of a district would be the greater of the FTE enrollment based on hours of contact in bilingual education programs multiplied by 0.395 or the number of students enrolled in bilingual programs multiplied by 0.185.

Low Enrollment Weighting

Low enrollment weighting would be available to districts with fewer than 1,622 students enrolled. For such districts, the weighting would be calculated on a linear transition: districts with 100 or fewer students would receive a weighting of approximately 101.4 percent of the enrollment of the district, and that amount would transition to approximately 3.5 percent of the enrollment of the district as the enrollment approaches 1,622 students.

High Enrollment Weighting

High enrollment weighting would be available to districts with more than 1,622 students and would be a weighting of approximately 3.5 percent of enrollment of the district.

High-Density At-Risk Weighting

If the enrollment of a school or school district is at least 50.0 percent at-risk students, the school or school district would receive high-density at-risk weighting equal to 10.5 percent of the at-risk students of the district. If the enrollment of a school or school district is between 35.0 percent at-risk students and 50.0 percent at-risk students, the school or school district would receive high-density at-risk weighting on a linear transition downwards from 10.5 percent of the at-risk students of the district. The high-density at-risk weighting would be scheduled to expire July 1, 2019.

Beginning with school year 2018-2019, the bill would require school districts to spend those funds on at-risk programs and instruction of students receiving at-risk program services identified and approved by the KSBE as evidence-based best practices. The KSBE would notify districts that do not spend the money on such best practices they must either spend such money on best practices or show improvement within three years of notification. Among other factors, improvement could be shown by the percentage of students at grade level or college and career ready on state math and English language arts assessments, average composite ACT scores, or the four-year graduation rate. Districts that do not spend money on best practices and fail to show improvement within five years would not qualify to receive the weighting in the succeeding school year.

Transportation Weighting

The transportation weighting of a school district would be determined by multiplying the formula per-student transportation cost of the district by the number of students who reside at least 2.5 miles from the school building they attend and are provided transportation to the school building by the district. The per-student transportation cost of the district would be determined using the curve of best fit of a density-cost graph of the index of density of all school districts in the state. A four-year grandfather clause would be provided to districts that would receive less funding pursuant to the transportation weighting than they did during the 2016-2017 school year.

Career Technical Education Weighting

The career technical education weighting of a school district would be determined by multiplying the FTE enrollment in approved career technical education programs by 50.0 percent. This weighting would be scheduled to sunset July 1, 2019, and KSDE would be directed to study the costs

of the delivery of career technical education programs and report the findings of such study on or before January 15, 2018.

New School Facilities Weighting

The new school facilities weighting of a school district would be determined by multiplying the number of students enrolled in a new school facility by 25.0 percent. A new school facility would be a school facility in its first two years of operation that was financed primarily with bonds approved at an election held on or before July 1, 2015.

Cost-of-Living Weighting

The bill would allow school districts in which the average appraised value of a single-family residence is more than 25.0 percent higher than the statewide average value to apply for additional funding from the KSBE in an amount not to exceed 0.05 percent of the district's foundation aid. The local school board would be required to pass and publish a resolution authorizing the levy, subject to protest petition, and the district also must have an LOB of 31.0 percent. The entirety of this weighting would be financed by local property taxes.

Ancillary School Facilities Weighting

A school district would be permitted to apply to the State Board of Tax Appeals (BOTA) for authority to levy local property taxes for the purpose of financing the costs attributable to commencing the operation of a new school facility that is in excess of the amount that is financed by any other source. The amount to be levied for this weighting would be reduced over a period not to exceed six years. The entirety of this weighting would be financed by local property taxes.

Declining Enrollment Weighting

The declining enrollment weighting would be available to school districts that have lost revenues due to the declining enrollment of the district. The district would be required to apply to the BOT for authority to receive this weighting, and the weighting would be capped at 5.0 percent of the general fund budget of the district. For school year 2017-2018, a district could receive declining enrollment weighting equal to one half of the amount the district generated pursuant to the weighting in school year 2007-2008. The declining enrollment weighting would expire at the end of the 2017-2018 school year. The entirety of this weighting would be financed by local property taxes.

Special Education and Related Services Weighting

The special education and related services weighting would be calculated for each district by dividing the amount of special education and related services payments of state aid made to the district by the BASE.

Legislative Studies

The bill would require the House and Senate Committees on Education to review the high and low enrollment weighting and alternatives to such weightings, including a sparsity weighting on or before July 1, 2018; virtual schools on or before July 1, 2020; the at-risk weighting and the BASE on or before July 1, 2021; the successful schools model on or before July 1, 2023, and on or before July 1, 2026; and the bilingual weighting on or before July 1, 2024.

Local Foundation Aid

Local Foundation Aid would include the unencumbered balance of the general fund of a district; certain grants received by district, special education and related services aid; any tuition for non-resident pupils of a district; and 70.0 percent of the federal impact aid received by a district. These categories were commonly referred to as “local effort” under previous law.

Reauthorization of the 20-Mill Levy

The bill would reauthorize the statewide 20-mill school finance levy for school years 2017-2018 and 2018-2019. The first \$20,000 of assessed valuation of residential properties would continue to be exempt from this levy.

Supplemental General State Aid

Supplemental General State Aid would be paid to any district that has adopted a local foundation budget. The amount of aid a district would be eligible to receive would be determined by multiplying the district's local foundation budget by an equalization factor that equalizes all districts below the 81.2 percentile of assessed valuation per pupil (AVPP) up to that percentile. For school year 2017-2018, the AVPP used would be that of the immediately preceding school year. For school year 2018-2019, the AVPP used would be an average of the AVPPs of the three immediately preceding school years.

Accreditation

The Act would require the KSBE to design and adopt a school district accreditation system based on improvement in performance that equals or exceeds the educational goals known as the “Rose capacities,” which are codified at KSA

2016 Supp. 72-1127, and is measurable. The Act would also require the KSBE to report to the Governor and Legislature on or before January 15 of each year regarding the school district accreditation system.

KSDE School District Report

The bill would require KSDE to develop an annual report for each school district reflecting the total amount of revenues received by each district from federal, state, and local sources each year, with certain categories of revenue being specifically identified. The report would also include total expenditures for certain programs and services and the following demographic information: gender, race, ethnicity, economically disadvantaged students, migrant students, English language learners, and disability.

LPA Performance Audits

The Act would also require LPA to perform several performance audits in the future and provide the final audit report for each to the House and Senate Committees on Education. Topics of required audits would include virtual school programs; the cost of providing educational opportunities to every public school student in Kansas to achieve the performance outcome standards adopted by the KSBE; at-risk education, bilingual education, and transportation funding; and the best practices of successful schools. The House and Senate Committees on Education would be required to review these reports.

Virtual School State Aid

Virtual School State Aid would be paid to school districts operating virtual schools. \$5,000 per student would be paid for students under the age of 19 enrolled in a virtual school on a full-time basis. \$1,700 would be paid for each FTE

student enrolled in a virtual school on a part-time basis. For students 19 years of age and older, aid would be paid at a rate of \$709 per credit hour earned, not to exceed six credit hours earned by any one student in any one school year.

Tax Credit for Low Income Students Scholarship (TCLISS) Program Act

On and after July 1, 2018, the bill would amend the definition of “public school” within the TCLISS Program Act to mean a school identified by the State Board as one of the lowest 100 performing schools with respect to student achievement. It would also amend the definition of “qualified school” to require accreditation on and after July 1, 2020. Accreditation must be by KSBE or a KSBE-recognized national or regional accrediting agency. Additionally, the bill would expand eligibility for the tax credit to individuals, and place an annual cap of \$500,000 on contributions.

Capital Outlay Changes

The bill would allow capital outlay funds to be used for utility expenses and property and casualty insurance. Additionally, the bill would allow capital outlay funds to be used for construction, reconstruction, repair, remodeling, additions to, furnishing, maintaining, and equipping computer software, performance uniforms, building sites, school buses, and other fixed assets. The law already allowed for acquisition of these items using capital outlay funds.

Beginning in school year 2017-2018, any new property tax exemptions granted by BOTA for property financed by industrial revenue bonds (IRBs) or for economic development purposes pursuant to Article 11, Section 13 of the *Kansas Constitution*, for which the public hearing was not held prior to May 1, 2017, would no longer apply to the capital outlay mill levy. Previously exempted property would continue to be eligible for exemption from the levy.

Beginning July 1, 2017, school districts would receive the revenue generated by the capital outlay mill levy on the incremental valuation growth in newly created Neighborhood Revitalization Areas.

Capital Improvement Changes

For all bond issuances approved at an election on or after July 1, 2017, any district with an enrollment of less than 260 students would not be eligible for Capital Improvement State Aid unless that district received approval from the KSBE prior to holding an election to approve the issuance of bonds.

Additionally, in determining the amount of payments a school district is obligated to make for bond issuances approved at an election on or after July 1, 2017, KSBE would exclude payments for any capital improvement project, or portion thereof, that proposes to construct, reconstruct, or remodel a facility that would be used primarily for extracurricular activities, unless a State Fire Marshal report, inspection under the Americans with Disabilities Act, or other similar evaluation demonstrates the project is necessary due to concerns relating to safety or disability access.

Beginning July 1, 2017, in each fiscal year, KSBE would be allowed to approve for election only bond issuances exceeding 14.0 percent of the district's assessed valuation for the election to the extent of the aggregate amount of bonds retired by school districts in the state in the preceding year. A school district that has not passed a bond election in the past 25 years would not be subject to this limitation.

Appropriations

The bill would provide \$1.991 billion in general state aid from the State General Fund (SGF) for FY 2018 and \$2.047 billion in general state aid from the SGF for FY 2019. For FY 2018, \$480.9 million of supplemental general state aid would

be appropriated from the SGF, and for FY 2019, \$486.1 million of supplemental general state aid would be appropriated from the SGF. Appropriations would also be made for KSDE operations, special education state aid, and KPERS employer contributions for school districts from the SGF for both fiscal years.

Conference Committee Action

The third Conference Committee agreed to the conference committee report produced by the second Conference Committee, absent the provisions concerning income and sales tax and the provision that would have made the bill effective upon the date SB 30 became effective.

The second Conference Committee agreed to replace the contents of SB 19, pertaining to the regulation of reinsurance, with the contents of Senate Sub. for HB 2186, as amended by the Senate Committee of the Whole, concerning K-12 school finance, with the following amendments:

- Remove specific appropriations for each weighting;
- Adopt the House BASE amount of \$4,128 in school year 2018-2019;
- Make a technical amendment to the third option of using a three-year average for military students;
- Amend how out-of-state students are counted;
- Use an at-risk weighting of 0.484;
- Place a two-year sunset on the provisions of the high-density at-risk weighting;

- Effective school year 2018-2019, require at-risk funds to be spent on best-practices programs and services, as identified by the KSBE;
- Use a four-year, rather than a two-year, grandfather clause for districts that would receive less transportation funding than they did during the 2016-2017 school year;
- Require committee review of virtual schools in 2020, the BASE by July 1, 2021, and the successful schools model on or before July 1, 2023, and on or before July 1, 2026, and remove the requirement that the Act be reviewed every ten years;
- Remove language that would have distributed \$12.0 million in special education services aid based on the FTE enrollment of each school district;
- Remove a sunset for virtual school state aid;
- Adopt the House's schedule for audits as outlined in Sub. for HB 2410 (see background for this bill below);
- Remove the requirement from the TCLISS Program that 50 percent of students be direct certified, expand eligibility for the tax credit to individuals, and place an annual cap of \$500,000 on individual contributions;
- Remove provisions concerning economic development and IRB abatement of the 20-mill levy;
- Limit KSBE approval of elections for bond issuance; and

- Remove language amending the policy goal of spending 65.0 percent of money appropriated, distributed, or otherwise provided by the State in the classroom or for instruction.

Background

SB 19 previously addressed the regulation of reinsurance. The provisions previously contained in SB 19 were subsequently adopted as part of the Conference Committee report for SB 16, which was signed into law on May 15. SB 19 as described here includes provisions from Senate Sub. for HB 2186, Sub. for HB 2410, and tax provisions added directly by the second Conference Committee. The third Conference Committee removed the tax provisions from the bill.

SB 19 is expected to reduce SGF receipts by \$9.0 million per year beginning in FY 2018.

Senate Sub. for HB 2186

HB 2186, as introduced, would have repealed the existing Uniform Arbitration Act and replaced it with the Uniform Arbitration Act of 2000. The House Committee of the Whole added provisions related to teachers' due process procedures. The Senate Select Committee on Education Finance replaced the contents of HB 2186 with the revised contents of SB 251.

SB 251; Senate Sub. for HB 2186

House Sub. for SB 7 (2015) repealed the School District Finance and Quality Performance Act, which had been the primary mechanism for the financing of schools in Kansas since 1992, and replaced it with the Classroom Learning

Assuring Student Success Act, scheduled to sunset June 30, 2017.

SB 251 was introduced by the Senate Committee on Ways and Means. In the Senate Select Committee on Education Finance hearing, testimony was provided by Senators Givens and Petersen and representatives of several public, private, and virtual schools; the Alliance for Childhood Education; Kansas Association of School Boards; Kansas National Education Association; Kansas Parent Teacher Association; Kansas Policy Institute; Kansas School Superintendents Association; MainStream Coalition; Schools for Fair Funding; and United School Administrators. Testimony related to economic development and a proposed school funding fee on utilities was provided by a local attorney and representatives of AARP; Americans for Prosperity; the cities of Edgerton, Edwardsville, Olathe, Pittsburg, and Wichita; the Climate & Energy Project; Colt Energy; Eastern Kansas Oil & Gas Association; Kansas Association of Realtors; the Kansas Economic Development Association; Kansas Farm Bureau; Kansas Gas Service; Kansas Independent Oil & Gas Association; Kansas Livestock Association; Kansas Water Authority; the League of Municipalities; Lenexa Chamber of Commerce; the Overland Park Chamber of Commerce; Spirit Aerosystems; WaterOne; and the Wichita Regional Chamber of Commerce.

The Senate Committee adopted numerous amendments to the bill and created a substitute bill (Senate Sub. for HB 2186). The Senate Committee adopted amendments removing provisions that would have assessed a monthly school funding fee on utilities, specified out-of-state students would not be counted as students for purposes of enrollment, and sunset the bilingual and at-risk weightings, as well as adopted technical amendments. The Senate Committee also amended language concerning kindergarten students; the at-risk, bilingual, high-density at-risk, and career and technical education weightings; special education services aid; the KSDE School District Report; performance audits to be conducted by LPA; and the TCLISS Program.

The Senate Committee of the Whole amended Senate Sub. for HB 2186 to:

- Count students who are not Kansas residents as 0.75 FTE in the 2017-2018 school year and as 0.5 FTE in subsequent years, and increase funding for education of at-risk preschool-aged children by \$1.0 million in FY 2018 and FY 2019;
- Increase an option for the bilingual weighting based on contact hours from 0.361 to 0.395;
- Sunset the Act on July 1, 2027, and require Legislative review of the Act or any successor school finance act on and after July 1, 2027, and every ten years thereafter; and
- Revise the public policy goal of spending 65.0 percent for the classroom or for instruction to increase the amount to 75.0 percent and amending the definition of “instruction.”

[*Note:* The Conference Committees made further changes to these provisions as noted above.]

Relative to *The FY 2018 Governor’s Budget Report*, Senate Sub. for HB 2186 would have provided an additional \$211.9 million of SGF spending for schools in FY 2018 and an additional \$319.1 million of SGF spending for schools in FY 2019.

Sub. for HB 2410

HB 2410 was introduced by the House Committee on Appropriations at the request of the Chairperson of the House Committee on K-12 Education Budget. In the House Committee on K-12 Education Budget hearing, testimony was provided by representatives of several school districts and virtual schools, the Alliance for Childhood Education, Game

on for Kansas Schools, Kansas Association of School Boards, Kansas National Education Association, Kansas Parent Teacher Association, Kansas Policy Institute, League of Women Voters, Mainstream Coalition, and the Overland Park Chamber of Commerce.

The House Committee adopted numerous amendments to the bill and created a substitute bill. The House Committee adopted amendments, including those concerning the BASE aid amount; counting kindergarten students as full-time students; the LOB; the transportation, low enrollment and high enrollment, bilingual, at-risk, new school facilities, and career and technical education weightings; performance audits to be conducted by LPA; applied behavioral analysis (ABA) therapy for students who have been diagnosed with an autism spectrum disorder (ASD); and the TCLISS Program.

The House Committee advanced the bill, without recommendation, to the House Committee of the Whole for consideration.

The House Committee of the Whole adopted amendments to:

- Remove the ABA therapy mandate for students diagnosed with an ASD;
- Eliminate the Local Excellence Budget (LEB) and restore the cost-of-living weighting;
- Move an appropriation of \$2.6 million for Local Excellence State Aid to the newly established School District Extraordinary Declining Enrollment Fund, to be disbursed by the KSBE to districts that demonstrate extraordinary declining enrollment since school year 2014-2015;
- Restore references to the term “Local Option Budget,” rather than the term “Local Foundation Budget”;

- Use the current year headcount for kindergarten students in school year 2017-2018;
- Return to the former method for military count dates; and
- Adopt other technical amendments.

[*Note:* The Conference Committees made further changes to these provisions as noted above.]

Relative to *The FY 2018 Governor's Budget Report*, Sub. for HB 2410 would have provided an additional \$226.8 million of SGF spending for schools in FY 2018 and an additional \$370.0 million of SGF spending for schools in FY 2019.

PROPOSED SCHOOL FINANCE PLAN

Senate Bill 19—6-5-17

MAJOR POLICY PROVISIONS—Computer Printout SF17-232

- Base aid for student excellence (BASE) will increase to \$4,006 in 2017-18, \$4,128 in 2018-19, estimated \$4,190 in 2019-20, estimated \$4,253 in 2020-21, and estimated \$4,317 in 2021-22. Beginning in 2019-20, these estimates are based upon the Midwest consumer price index.
- Ancillary facilities and cost of living will continue, however, declining enrollment will be reduced 50 percent in the 2017-18 school year and eliminated in the 2018-19 school year.
- Enrollment will be based upon prior year or second preceding year, whichever is higher except four-year-old at-risk will be based upon current year. All weighted enrollment will be based upon the current school year enrollment.
- Military second count will be determined as follows. If the number of students enrolled in each school district on February 20 were not enrolled on the preceding September 20, such students shall be added to the September 20 enrollment.
- School districts receiving federal impact aid for military students will calculate their enrollment based upon the current year, preceding year, or three- year average.
- At-risk funding will be based upon free lunch count and funded the same as law prior to the 2014-15 school year. All at-risk state aid must be spent on at-risk students, as defined by the State Board of Education. The at-risk weighting was increased from .456 to .484.
- High-density at-risk computation permits school districts to choose between computing their enrollment weighting by attendance center or school district for 2017-18 and 2018-19.
- Provides a floor of ten percent for computing free lunch for any school district offering K-12.
- All-day kindergarten will be funded at 1.0 for all students enrolled in kindergarten in 2016-17.
- Career & Technical Education (vocational education) funding will be based upon .5 weighting (same as old law). The State Department of Education will study CTE cost by program and report to the Legislature by January 1, 2019.
- Virtual students will be funded as in current law.
- Special education funding remains the same as current law. This bill provides \$12 million for this purpose.
- Transportation is amended slightly and on a statewide basis there will be a small increase in the state appropriation. No school district will receive less transportation state aid than received in 2016-17 for the next five years.

- New facilities will be funded for all elections held prior to July 1, 2015 with a .25 weighting.
- Bilingual education is computed using the higher of .395 of the contact hours or .185 of the bilingual headcount enrollment for students who qualify for bilingual services.
- 20-mill levy will remain the same as current law.
- Low and high enrollment will be reinstated as in law prior to 2014-15.
- Expands early childhood funding by increasing state aid for four-year-old at-risk programs, \$2,000,000 each year in 2017-18 through 2021-22.
- The local option budget will remain the same as current law.
- School districts may adopt up to 30 percent of their local option budget on board action. If a district chooses to increase the LOB up to 33 percent, this would require board action and right of protest petition. Those school districts that are already at 33 percent will retain that authority.
- Partially funds the mentoring program and professional development as provided by law.
- Adds utilities, property and casualty insurance as options for capital outlay fund if the school district republishes their capital outlay resolution.
- Students from the lowest 100 schools of student achievement may be considered for tax credit for low income student scholarships effective July 1, 2018. Students must be eligible for free lunch. Individuals may make contributions to this program and receive tax credit. Placed a \$500,000 contribution cap, per year, by any corporation, insurance company, or individual.
- The State Department of Education is required to provide substantial fiscal, academic, and demographic data on an annual basis for each school district. This report will be made available on the School Finance website.
- Provides approximately \$2.6 million for school districts that have large declines in enrollment.
- Out-of-state students will be counted as 1.0 for 2017-18 and 2018-19. They will be counted as .75 for 2019-20 and 2020-21 and as .5 in 2021-22 and thereafter.
- Provides a maximum on the amount of bonds to be approved by the State Board of Education. The amount approved would be based upon the bond amount paid off the preceding year.

ESTIMATED STATE AID FOR PROPOSED SCHOOL FINANCE PLAN—SF17-232

Program	2017-18	2018-19	2019-20	2020-21	2021-22

*Includes all-day kindergarten.

June 4, 2017

COLUMN EXPLANATION

Column	1 --	September 20, 2016, FTE enrollment
		Includes four-year-old at-risk and excludes virtual students. Kindergarten is funded at 1.0 for full-time students.
	2 --	2017-18 Base aid for student excellence (Column 1 times \$4,006)
		Base aid for student excellence (BASE) will increase to \$4,317 over a five-year period. Year 1-\$4,006; Year 2-\$4,128; Year 3-estimated \$4,190; Year 4-estimated \$4,253, and Year 5—estimated \$4,317.
	3 --	2017-18 Estimated virtual aid (current law)
	4 --	2017-18 Estimated low and high enrollment weighted FTE
		Funding based upon law prior to 2014-15.
	5 --	2017-18 Estimated transportation weighted FTE (LPA formula)
	6 --	2017-18 Estimated bilingual weighted FTE
		Bilingual education is computed using the higher of .395 of the contact hours or .185 of the bilingual headcount enrollment for students who qualify for bilingual services.
	7 --	2017-18 Estimated at-risk weighted FTE
		The weighting was increased from .456 to .484
	8 --	2017-18 Estimated vocational education weighted FTE
		Weighting of .5 for students in approved vocational classes based upon law prior to 2014-15. Based upon preceding year's actual enrollment.
	9 --	2017-18 Estimated special levies weighted FTE
		Ancillary facilities and cost of living will continue. Declining enrollment will be reduced 50 percent in the 2017-18 school year and eliminated in the 2018-19 school year.
	10 --	2017-18 Estimated total program weighted FTE (Column 4 + 5 + 6 + 7 + 8 + 9)
	11 --	2017-18 Proposed general fund budget excluding special education (Column 10 x \$4,006 + Column 2 + Column 3)
	12 --	2017-18 Estimated special education state aid (current law)

- 13 -- 2017-18 Proposed general fund budget including special education
(Column 11 + 12)**
- 14 -- 2015-16 General fund budget excluding state aid for capital outlay,
KPERS, and local foundation budget (LFB)**
- 15 -- Difference (Column 13 – 14)**
- 16 -- 2017-18 Estimated general state aid**
- 17 -- 2015-16 General state aid**

Event Detail

Kansas State Board of Education votes on budget recommendations

Description:

Ann Marie Bush, Communications Specialist [\(785\) 296-7921](tel:785-296-7921)

FOR IMMEDIATE RELEASE

July 15, 2016

Kansas State Board of Education votes on budget recommendations

TOPEKA — The Kansas State Board of Education on Tuesday voted to recommend a \$900 million, two-year increase in state school aid to Gov. Sam Brownback.

The board believes this move is essential to provide the resources necessary for the state to achieve the new vision — Kansas leads the world in the success of each student.

The recommendations, which is required by state statute, would increase general fund operating state aid by \$565.6 million for fiscal year 2018 and \$327.8 million for FY 2019.

The board is recommending increasing the base state aid per pupil from \$3,852 to \$4,604 in FY 2018 and \$5,090 in FY 2019. This would require an extra \$519 million in 2018 and \$306 million in 2019.

The board also is recommending special education state aid be increased from \$433.9 million to about \$465 million for FY 2018 and \$474 million for 2019.

Pre-K pilot would gain \$900,000, raising it to nearly \$5 million in 2018. It would remain the same for 2019. This program offers funding for preschool programs operated by public and private agencies. This increase would support the board's five outcomes, which will be used to help measure the progress of the vision.

The five outcomes are kindergarten readiness; individual Plan of Study (IPS) focused on career interest; high school graduation rates; postsecondary completion/attendance; and social/emotional growth measured locally.

The board also is recommending \$35,000 each for Agriculture in the Classroom, Communities in School and the Kansas Association of Conservation and Environmental Education. These programs haven't been funded in recent years.

Other recommendations include:

- Adding \$460,000 in 2018 for the Parents as Teachers program, which would allow 1,000 more children to be served. The board is asking for the funds to come from the Children's Initiative Fund, which uses reserves from the state tobacco settlement.
- Restoring funding for the Mentor Teacher Program at an additional cost of \$3 million.
- Restoring funding for the Professional Development program at a cost of \$4.25 million.
- Adding \$800,000 to fully fund the cost of transporting students to technical education programs.

The recommendations will be presented to Shawn Sullivan, the Kansas' budget director. They then will be considered by the governor and the Legislature.

Board Briefs: A Summary Report of July 12 and 13, 2016 Meeting

This summary report is publically available at: <http://www.ksde.org/Portals/0/Board/Documents/Bd%20Summary%20for%20July%202016.pdf>. It is appropriate to take judicial notice of this report, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

BOARD BRIEFS: A SUMMARY REPORT OF JULY 12 AND 13, 2016 MEETING

Action

- Adopted the findings and recommendations of the Professional Practices Commission on seven cases.
- Scheduled a special Board Meeting via conference call to consider the applications for Extraordinary Need State Aid. The conference call meeting is 2 p.m. Central on Thursday, Aug. 4.
- Approved the following budget recommendations to the state for Fiscal Year 2018 and FY 2019:
 - o fund Base State Aid Per Pupil at \$4,604 for FY 2018 and \$5,090 for FY 2019, which includes recommended funding for Special Education at 85 percent of excess cost
 - o fund the new law for Supplemental General State Aid (local option budget)
 - o fund the law for Capital Outlay State Aid
 - o increase Parents as Teachers funding by 1,000 children for an additional cost of \$460,000 and request that Children's Initiative Funds be utilized
 - o fund 100 percent of the law for the Mentor Teacher Program
 - o fund Professional Development at 50 percent of the law
 - o fund Agriculture in the Classroom, Communities in Schools and Kansas Association of Conservation and Environmental Education (KACEE) at \$35,000 each
 - o fund the law for National Board Certification
 - o fund Pre-K Pilot program at the 2009-10 level for an additional cost of \$900,000 and request that Children's Initiative Funds be utilized
 - o fund technical education transportation at original level for an additional cost of \$800,000
 - o Note: no action was taken to make new recommendations for all-day kindergarten, transportation, school lunch and discretionary grants

Reports and Presentations

- Received an update on the work to align Kansas to the Every Student Succeeds Act with a goal of full implementation in the 2017-18 school year
- Received a report and recommendations from the Blue Ribbon Task Force charged with studying teacher vacancies and supply in Kansas
- Reviewed an application for Innovative District status from USD 484 Fredonia
- Learned about summer food service programs including multiple projects at Iola USD 257

Work Session on High School Graduation Rates and Postsecondary Completion/Attendance

The five state-level outcomes to drive the *Kansans CAN* vision include a focus on high school graduation rates and postsecondary completion/attendance. KSDE staff members led discussions on graduation and dropout rates, workforce trends and markers for tracking postsecondary attainment.

Next Meeting

- Tuesday, August 9 and Wednesday, August 10 in the Board Room, Suite 102, of the Landon State Office Building.

July 12, 2016 KSBE Meeting Minutes

These meeting minutes are publically available at: <http://www.ksde.org/Portals/0/Board/Minutes/2016/July%202016%20Minutes%20Approved.pdf>. It is appropriate to take judicial notice of the minutes, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

KANSAS STATE BOARD OF EDUCATION**Meeting Minutes****July 12, 2016****CALL TO ORDER**

Chairman Jim McNiece called the monthly meeting of the State Board of Education to order at 10 a.m. Tuesday, July 12, 2016, in the Board Room at the Landon State Office Building, 900 SW Jackson St., Topeka, Kansas. Mr. McNiece welcomed those in attendance, including participants in the Professional Educational Leadership Academy.

7/12/2016
A.M. Session
 (00:00:08)

ROLL CALL

All members were present:

John Bacon	Jim McNiece
Kathy Busch	Jim Porter
Carolyn Wims-Campbell	Steve Roberts
Sally Cauble	Janet Waugh
Deena Horst	Ken Willard

STATE BOARD MISSION STATEMENT, MOMENT OF SILENCE AND PLEDGE OF ALLEGIANCE

Chairman McNiece read both the Board's Mission Statement and *Kansans CAN* Vision Statement. He then asked for a moment of silence after which the Pledge of Allegiance was recited.

APPROVAL OF AGENDA

Mrs. Horst moved to approve the July 12 agenda as presented. Mrs. Busch seconded. Motion carried 9-1 with Mr. Roberts in opposition.

MOTION
 (00:01:44)

APPROVAL OF THE JUNE MEETING MINUTES

Mrs. Waugh moved to approve the minutes of the June Board meeting. Ms. Wims-Campbell seconded. Motion carried 10-0.

MOTION
 (00:02:37)

COMMISSIONER'S REPORT

As the *Kansans CAN* vision nears its one-year mark, Commissioner Randy Watson re-emphasized creating a cohesive message about balancing the academic and non-academic needs of students. He reported on a third-party review of the Kansas State Department of Education to evaluate its current capacity to meet the delivery challenges and achieve the goals of leading the world in the success of each student. He invited representatives from the Council of Chief State School Officers (CCSSO) and Education Delivery Institute (EDI) to conduct the review. The team interviewed staff and key stakeholders during a series of focus groups last month. Four key areas of work were identified centering on plan development, organizational structure, communication and organizational effectiveness. Dr. Watson outlined some of the review team's recommendations preparing for the second year of vision work, focus on the outcomes and tightening the relationship between KSDE and the State Board.

(00:03:17)

CITIZENS' OPEN FORUM

Chairman McNiece declared the Citizens' Forum open at 10:32 a.m. There were no speakers for public comment. The forum was closed at 10:33 a.m.

(00:30:51)

UPDATE ON TRANSITION TO EVERY STUDENT SUCCEEDS ACT

The Every Student Succeeds Act (ESSA) arose out of the reauthorization of the federal Elementary and Secondary Education Act. ESSA replaced No Child Left Behind. Several changes will occur under the new act, and the transition is ongoing. Full implementation is scheduled for 2017-18 which aligns with

(00:32:18)

Year Zero of the new Kansas accreditation model. Deputy Commissioner Brad Neuenswander presented information on ESSA's proposed rulemaking, the deadlines to submit state plans and the advisory council's work on different components of ESSA. The next council meeting is July 26 in Wichita to continue work on the Kansas plan. Mr. Neuenswander answered questions about Annual Measures of Student Success (AMOSS) and the monitoring of student growth over time.

BREAK

Board members took a break until 11:20 a.m.

RECEIVE BLUE RIBBON TASK FORCE REPORT AND RECOMMENDATIONS ON TEACHER VACANCIES AND SUPPLY

(01:07:07)

Commissioner Watson this spring assembled a Blue Ribbon Task Force to study teacher vacancies and supply in Kansas. The task force was comprised of 28 education professionals representing various stakeholders, including higher education and public schools. They met four times. Dr. Ken Weaver, Dean of The Teachers College at Emporia State University, and Rudy Perez, Principal at Norton Community High School, co-chaired the task force. They presented the group's findings on trends and patterns to the State Board. The report included information on unfilled vacancies, educators leaving the teaching profession, those moving to other school districts, number of teacher education majors vs completers, and retention. Comparison data was shown according to regions of the state. As part of the report, recommendations were provided and divided into the categories of immediate, intermediate and long-term implementation. Board members discussed the task force's findings and the national concern for educator shortages, asked for additional research comparing Kansas' data to that of other states including salaries, and offered suggestions for follow-up. The Board is expected to act upon the recommendations at the August meeting.

LUNCH

Chairman McNiece recessed for lunch at 12:32 p.m. The afternoon session resumed at 1:30 p.m.

P.M. SESSION
(00:00:30)

RECEIVE RECOMMENDATION FOR APPROVAL OF INNOVATIVE DISTRICT APPLICANT

The Coalition of Innovative Districts Act, created by the legislature in 2013, allows a percentage of the state's school districts to opt out of most state laws, rules and regulations in order to improve student achievement. USD 484 Fredonia has applied for Innovative District status. Coalition chair Bill Mullins, Superintendent of USD 364 Marysville, noted that applications are now being accepted throughout the year, rather than just during one month. Brian Smith, Superintendent of USD 484 Fredonia, reviewed the reasons his district seeks to join the six other districts in the Coalition. He and two USD 484 staff members explained the goals within their application and then answered questions. The Coalition unanimously approved the request so now the State Board has 90 days to either grant or deny the granting of authority to operate as an Innovative District.

ACTION ON RECOMMENDATIONS OF THE PROFESSIONAL PRACTICES COMMISSION

MOTION
(00:38:16)

The Professional Practices Commission was represented by Chair Linda Sieck, who brought forth four cases that have been before the PPC. She answered questions about the hearing proceedings. Ms. Wims-Campbell suggested more details be included in the PPC report. Mrs. Cauble moved to adopt the findings of the Professional Practices Commission and its recommendations that Lucas Catloth and Brett Gehrler receive no formal discipline as a result of their conduct and Todd Clark's and Tahra Arnold's applications for licensure be approved. Mrs. Busch seconded. Motion carried 9-1 with Mr. Willard in opposition.

MOTION
(00:47:38)

Ms. Sieck presented a second set of cases from hearings on June 1. Mr. Porter moved to adopt the findings and recommendations of the PPC and revoke the licenses of Matthew DeMoss and Katie Rufener, and suspend the license of Christian McKim until June 30, 2017. Mrs. Busch seconded. Motion carried 10-0.

INFORMATION ON SUMMER FOOD SERVICE PROGRAMS

KSDE's division of Child Nutrition and Wellness oversees summer food service programs in Kansas, which are federally funded and serve low-income areas. CNW Assistant Director Kelly Chanay provided information about the meal service sites, sponsoring organizations such as school districts or churches, and other community partners. Many of the programs also include a learning component with mealtime. Kathy Koehn, nutrition and wellness coordinator with USD 257 Iola, was present to talk about the summer food programs operated in this district. One project was to convert a former school bus into a mobile diner and reading vehicle. She described several other activities used to bring summer meals to children in their community.

(00:49:24)

Board members took a break at 2:42 p.m.

BREAK

LEGISLATIVE MATTERS : ACTION ON FY 2018 AND FY 2019 BUDGET OPTIONS

Deputy Commissioner Dale Dennis distributed a summary of enrolled bills passed into law during the 2016 Legislative session and referenced changes to the rules for working after retirement. He also described the steps that a newly formed review committee will take to consider school districts' Extraordinary Need State Aid applications, which are to be submitted by July 15. Hearings on those applications will take place Aug. 2 and 3. A special Board meeting will be conducted via conference call at 2 p.m. Aug. 4 to take action on the applications.

(01:12:14)

Mr. Dennis led the Board through the annual practice of making education funding recommendations as required by statute. He provided a history of educational funding, category amounts based on law, and options to consider for the next two-year budget (Fiscal Year 2018 and Fiscal Year 2019). Mr. Dennis answered questions throughout the process.

The following discussions and/or actions occurred:

- Mrs. Busch moved to set Base State Aid Per Pupil at \$4,650 for FY 2018 with a \$500 increase to \$5,150 in FY 2019. Mrs. Waugh seconded. Motion carried 7-3 with Mr. Roberts, Mr. Bacon and Mr. Willard in opposition. (Note: A subsequent vote on special education funding would change the BSAPP recommendation to \$4,604 FY18 and \$5,090 FY19)
- Mrs. Busch moved to fund Special Education at 85 percent of excess cost, but subtract the amount from the BSAPP amount originally approved. Mrs. Horst seconded. Motion carried 6-4 with Mr. Roberts, Mr. Bacon, Mr. Willard and Mrs. Cauble in opposition.
- Mrs. Horst moved to fully implement all-day kindergarten all at once for an additional cost of \$90 million to be subtracted from the base. Mrs. Busch suggested amending the motion to implement all-day kindergarten over a two-year period with the additional cost subtracted from the base. Mrs. Horst accepted the amendment. Mrs. Busch seconded. Motion failed 2-8 with Mr. Roberts, Mr. Porter, Mrs. Waugh, Ms. Wims-Campbell, Mr. McNiece, Mrs. Cauble, Mr. Bacon and Mr. Willard in opposition. Mrs. Waugh moved to fund implementation of all-day kindergarten over a five-year period. Discussion continued and Mrs. Waugh withdrew the motion.
- Ms. Wims-Campbell moved to increase Parents as Teachers funding by 1,000 children for an additional cost of \$460,000 and requested that Children's Initiative Funds be utilized, not federal funds. Mr. Porter seconded. Motion carried 8-2 with Mr. Bacon and Mr. Willard in opposition.
- Ms. Wims-Campbell moved to fund 100 percent of the law for the Teacher Mentor Program for an additional cost of \$3 million. Mr. Porter seconded. Motion carried 7-3 with Mr. Roberts, Mr. Bacon and Mr. Willard in opposition.
- Ms. Wims-Campbell moved to fund Professional Development at 25 percent of the law. Mrs. Cauble seconded. Motion failed to receive the necessary six votes for passage with a vote of 5-5. Mr. Roberts, Mr. Bacon, Mr. Willard, Mr. McNiece and Mrs. Horst were in opposition. Mrs. Waugh then moved to fund Professional Development at 50 percent of the law. Mr. Porter seconded. Motion carried 6-4 with Mr. Roberts, Mr. Bacon, Mr. Willard and Mrs. Horst in opposition.

**SERIES OF
MOTIONS**
(01:44:32)

- Mrs. Waugh moved to fund \$35,000 each for Agriculture in the Classroom, Communities in Schools and Kansas Association of Conservation and Environmental Education. Mr. Bacon seconded. Motion carried 10-0.
- Mr. McNiece moved to fund the law for National Board Certification for an additional cost of \$47,500. Ms. Wims-Campbell seconded. Motion carried 8-2 with Mr. Roberts and Mr. Bacon in opposition.
- Mrs. Waugh moved to fund the Pre-K Pilot program at the 2009-10 level for an additional cost of \$900,000 and request that Children's Initiative Funds be utilized. Mr. Roberts seconded. Motion carried 8-2 with Mr. Bacon and Mr. Willard in opposition.
- Mr. Willard moved to fund technical education transportation at original level for an additional cost of \$800,000. Motion carried 9-1 with Mr. Bacon in opposition.
- Board members agreed to recommend that the state fund the law for Supplemental General State Aid (local option budget) and fund the law for Capital Outlay State Aid, but no formal vote was taken. There was no change in amounts for all-day kindergarten, transportation, school lunch and discretionary grants.

CONSENT AGENDA

Mrs. Horst moved to approve the Consent Agenda as presented. Ms. Wims-Campbell seconded. Motion carried 9-1 with Mr. Roberts in opposition. In the Consent Agenda, the Board:

- received the monthly Personnel Report for June.
- confirmed the unclassified special projects personnel appointment of Ashley Christiansen as Senior Administrative Assistant on the Teacher Licensure and Accreditation team effective July 3, 2016, at an annual salary of \$28,308.80.
- approved local in-service education plans for USD 209 Moscow Public Schools and USD 211 Norton Community Schools.
- approved granting the renewal of Visiting Scholar licenses to Joseph Williams and USD 481 Rural Vista for music education; plus the following instructors with USD 229 Blue Valley Center for Advanced Professional Studies (CAPS) program — Janet Graham for global business courses; Robin Bacon for Foundations of Medicine courses; and Marjorie Holloway for Foundations of Medicine II. These licenses are valid for the 2016-17 school year.
- accepted recommendations of the Licensure Review Committee as follows: *Approved Cases* — 3071 Garrett Griffin (PreK-12 high incidence special education), 3075 Melissa Thorsell, 3082 Karen Francis (K-6 elementary education), 3086 Bevin Noack, 3090 Jace' Karmon Thomas, 3095 Michael Padow, 3096 Kari Taylor, 3099 Derick Reid, 3100 Clorie Broadbent. *Denied Cases* — 3071 Garrett Griffin (middle level 5-8 English language arts).
- accepted recommendations of the Evaluation Review Committee for continuing accreditation of McPherson College and Southwestern College, both through Dec. 31, 2022.
- accepted the following recommendations of the Evaluation Review Committee for program approval: **Associated Colleges of Central Kansas** — High Incidence Special Education (A, K-6, 6-12, PreK-12) Master's new program through Dec. 31, 2018; **Baker University** — Business (I, 6-12), Elementary (I, K-6), Health (I, PreK-12), History, Government and Social Studies (I, 6-12), Mathematics (I, 5-8), Mathematics (I, 6-12), Music (I, PreK-12), Instrumental Music (I, PreK-12), Vocal Music (I, PreK-12), Physical Education (I, PreK-12), Restricted (I, 5-8, 6-12, PreK-12) all continuing programs through Dec. 31, 2023; **Fort Hays State University** — Art (I, PreK-12), Business (I, 6-12), Early Childhood Unified (I, B-Gr3), Earth and Space Science (I, 6-12), Journalism (I, 6-12), Mathematics (I, 6-12), Music (I, PreK-12), Instrumental Music (I, PreK-12), Vocal Music (I, PreK-12) English for Speakers of Other Languages (A, PreK-12), Building Leadership (A, PreK-12), District Leadership (A, PreK-12), Reading Specialist (A, PreK-12), Restricted (I, 5-8, 6-12, PreK-12) all

MOTION
(03:21:03)

continuing programs through Dec. 31, 2024, and Mathematics (I, 5-8) dormant program; **Friends University** — High Incidence Special Education (A, PreK-12) new program through Dec. 31, 2018, and Art (I, PreK-12), Mathematics (I, 6-12), Physical Education (I, PreK-12), Speech/Theatre (I, PreK-12) all continuing programs through Dec. 31, 2023; **Ottawa University** — Restricted (I, 5-8, 6-12, PreK-12) new program through Dec. 31, 2018; **Wichita State University** — Physics (I, 6-12), Speech/Theatre (I, PreK-12), English for Speakers of Other Languages (A, PreK-12) all continuing programs through Dec. 31, 2024.

- awarded supplemental funding in the amount of \$2,534 for Rosedale Development Association as a subgrantee of the 2016-17 Kansas AmeriCorps program for a total award of \$63,380.
- authorized USD 230, Spring Hill, Johnson County, to hold an election on the question of issuing bonds in excess of the district's general bond debt limitation.
- authorized USD 230, Spring Hill, Johnson County, to receive capital improvement (bond and interest) state aid as authorized by law.
- approved School Improvement Grant continuation awards, 1003(g), for FY 2016 as follows: USD 500 Kansas City Kansas, Douglass Elementary \$760,000; USD 500 New Stanley Elementary \$760,000; USD 501 Topeka, Quincy Elementary \$1,094,290; USD 501 Ross Elementary \$1,324,274; USD 501, Scott Elementary \$1,411,286; USD 501, Shaner Elementary \$1,440,295.
- defined Extraordinary Enrollment Growth under KSA 72-6441 (ancillary facilities) as a three-year average of at least six percent increase in enrollment, or an increase of 1,500 or more students over the past three years, or an increase of 750 or more students over three of the last six years if the new facilities being constructed are not replacement.

authorized the Commissioner of Education to negotiate and

- continue a contract with North Central Kansas Technical College to provide services to manage, implement and lead the Microsoft Imagine Academy program for secondary schools in Kansas in an amount not to exceed \$32,000 for 2016-17.

Board members took a 10-minute break at 5:05 p.m. Mrs. Busch left the meeting.

BREAK

REPORT ON NASBE MIDWEST REGIONAL CONFERENCE

Board members Jim McNiece, Carolyn Wims-Campbell and Deena Horst represented Kansas as they joined members of other state boards of education for a regional meeting June 24 and 25 at Little Rock Central High School in Little Rock, Arkansas. They each reported on highlights of the event, sponsored by the National Association of State Boards of Education (NASBE). Topics included implementation of ESSA, student-focused education and networking with other regional State Boards members.

(03:23:28)

BOARD REPORTS AND REQUESTS FOR FUTURE AGENDA ITEMS

Communications — Mrs. Cauble said the committee plans to contact the state's colleges of education and offer for Board members to visit teacher preparation classes as in the past. Letters would be sent this fall. She asked for names of those available to speak to the college classes. Mrs. Cauble suggested that the Blue Ribbon Task Force present its report on teacher vacancies and supply to the House and Senate Education committees.

**COMMITTEE
REPORTS**
(03:41:03)

Policy Committee — Mrs. Waugh asked for input on whether Board members wanted to continue tracking travel expenses by categories following the year-long trial period. It was decided to return to the standard method of separating Board meetings and other activities, but not assigned or legislative.

Student Voice — Mr. McNiece announced that questions were provided to KSHSAA for its Student Council Workshop in July. However, the itinerary was already full and it wouldn't work for Board members to be on the agenda. The student responses will be shared with the Board at a later time.

**ATTORNEY'S
REPORT**

Board Attorney Mark Ferguson referenced his monthly summary and offered to answer questions.

**INDIVIDUAL
MEMBER
REPORTS
(03:50:02)**

During individual Board member reports, Mrs. Horst and Mr. Willard attended the NASBE nomination committee meeting in Washington D.C. Mrs. Horst also was at the Coalition of Innovative School Districts meeting. Mr. Porter reported on the NASBE conference call for members of the Government Affairs Committee and expressed interest of the Professional Standards Board he serves on to help with teacher vacancy issues and solutions. Mrs. Waugh attended an open house for the new Lansing superintendent and a ceremony marking the 150th year of the Kansas State School for the Blind. Ms. Wims-Campbell participated in her last KSHSAA meetings as a State Board representative on the Board of Directors and Executive Board. Mrs. Cauble reported on the Education Commission of the States National Forum and visits by the Commissioner in her district.

In his Chairman's Report, Mr. McNiece noted that the Commissioner's annual evaluation would take place in October to comply with Board policy and the state's performance review schedule. He reminded members of the next day's work session.

Requests for Future Agenda Items:

Mr. Roberts asked for discussion about labeling children by race. Mrs. Waugh requested a presentation from the Kansas Association of Conservation and Environmental Education organization.

BOARD MEMBER TRAVEL

**MOTION
(04:03:49)**

Additions to the travel requests were: Mr. McNiece July 26 ESEA Advisory Council meeting and July 27 Summer Leadership Conference in Wichita. Mrs. Cauble moved to approve the travel requests and additions. Mrs. Horst seconded. Motion carried 9-0 with Mrs. Busch absent.

ADJOURNMENT

Chairman McNiece adjourned the meeting at 5:57 p.m. The next regular State Board meeting will be Aug. 9 and 10 in Topeka.

Jim McNiece, Chairman

Peggy Hill, Secretary

WORK SESSION ON ACCREDITATION — WEDNESDAY, JULY 13, 2016

The Kansas State Board of Education convened at 9 a.m. on Wednesday, July 13, 2016, in Room 509 of the Landon State Office Building, 900 SW Jackson, Topeka. Board members in attendance were: Chairman McNiece, Vice Chair Wims-Campbell, Mr. Bacon, Mrs. Cauble, Mrs. Horst, Mr. Porter, Mr. Roberts, Mrs. Waugh and Mr. Willard. Member Kathy Busch was absent.

Commissioner Randy Watson began the session by sharing information from Georgetown University about employment growth and recovery. He pointed out the percentage of jobs requiring only a high school education that were lost during the recession and not recovered. He also discussed the vision goal of leading the world in high school graduation rates and what it would take to reach that target.

Several KSDE staff members addressed topics related to the session's theme and vision outcome — high school graduation rates and postsecondary attendance/completion. Jessica Noble explained how graduation rates are determined and tracked, as well as the difference between non-graduates and dropouts. Scott Smith and Jay Scott led discussions about the changing job market, when K-12 might hand over the tracking of high school graduates who attend college or trade schools, markers for postsecondary attainment and data collection. At the conclusion of the work session, Mr. Roberts presented three draft policy proposals he created for not labeling children in school by race or ethnicity.

Information technology staff assisted Board members in the transition to KSDE email accounts for education-related correspondence.

KSBE Release Statement Regarding Kansas Supreme Court

Ruling, dated March 3, 2017

This press release is publically available at: <http://www.ksde.org/Home/Quick-Links/News-Room/ArtMID/3386/ArticleID/90/Kansas-State-Board-of-Education-chair-vice-chair-release-statement-regarding-Kansas-Supreme-Court-ruling>. It is appropriate to take judicial notice of it; Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

NEWS

KANSAS STATE BOARD OF EDUCATION CHAIR, VICE CHAIR RELEASE STATEMENT REGARDING KANSAS SUPREME COURT RULING

Posted: Mar 3, 2017

The Kansas State Board of Education and Kansas schools are committed to achieving Kansas' vision for education – Kansas leads the world in the success of each student. Kansas will achieve this vision only when schools, communities and policymakers work together.

Today, the Kansas Supreme Court announced its decision that Kansas' public education financing system doesn't meet the constitutional standards of adequacy.

As elected members of the Kansas State Board of Education, we each took an oath to uphold the Kansas Constitution and will continue to abide by all rulings provided by the Supreme Court.

In accordance with K.S.A. 75-3717, the state board must submit a budget to the governor by Sept. 15 each year. The state board considered the guidance provided by the three-judge panel and what previous legislatures had established prior to budget cuts made during the recession as a basis for the development of the fiscal year 2018 and 2019 education budgets. **Based on today's Supreme Court ruling, it appears the FY 2018 and 2019 budgets as submitted by the state board are consistent with the court's ruling.**

The Kansas State Board of Education supports the work of Kansas legislators and we are confident they will develop a school funding system that satisfies all constitutional requirements.

Jim Porter
Chair, Kansas State Board of Education

Kathy Busch
Vice Chair, Kansas State Board of Education

SUBJECT: Local Option Budget

We have made an effort to compute the estimated local option budget (LOB) for 2017-18 using the base aid of \$4,490 in current law. See computer printout SF17-226.

The purpose of this computer printout is to provide an indication of increases/decreases in the LOB during the 2017-18 school year based upon Substitute for House Bill 2410. There may be additional amendments to the bill as it moves through the Legislature.

If you have questions, feel free to contact this office.

Senate Sub. for House Bill 2002 Summary

This summary is available at:

http://www.kslegislature.org/li/b2017_18/measures/documents/summary_hb_2002_2017.pdf.

It is appropriate to take judicial notice of the bill summary, and Plaintiffs respectfully request that this Court do so. K.S.A.

60-409(h)(4); K.S.A. 60-412(c)

State Budget; Senate Sub. for HB 2002

Senate Sub. for HB 2002 includes funding for FY 2017, FY 2018, and FY 2019 supplemental expenditures for most state agencies and FY 2018 and FY 2019 capital improvements for selected state agencies. This summary, excluding the table, does not include expenditures associated with SB 30 (the tax bill) or SB 19 (the education bill).

FY 2018

The approved FY 2018 budget, from Senate Sub. for HB 2002, totals \$15.6 billion, including \$6.4 billion from the State General Fund. The approved budget increases the Governor's recommended expenditures by \$248.9 million, including \$170.0 million from the State General Fund, for FY 2018. Adjustments to the Governor's recommendations include:

- Add \$141.4 million, including \$135.8 million from the State General Fund, to restore Kansas Public Employee Retirement System (KPERs) employer contributions to the statutory rate for FY 2018;
- Add \$47.2 million, all from the State General Fund, to remove savings associated with Alvarez & Marsal (A&M) recommendations for health insurance and procurement in K-12 schools for FY 2018;
- Add \$26.7 million, including \$12.2 million from the State General Fund, for: a 2.5 percent adjustment for all state employees with less than five years of service, except highway patrol law enforcement personnel, legislators, teachers and licensed personnel at the Schools for the Deaf and Blind, employees at the Kansas Bureau of Investigation who are part of the Recruitment and Retention Plan, and other Statewide Elected Officials; a 5.0 percent adjustment for state employees who have not had a pay adjustment in five years; and a 2.5 percent adjustment for judges and non-judicial staff in FY 2018;
- Add \$20.3 million, including \$9.1 million from the State General Fund, and add language providing a 3.0 percent rate increase for providers of Home and Community Based Services under each of the waivers for FY 2018;
- Add \$10.5 million, all from the State General Fund, for community mental health centers;
- Add \$4.7 million, all from the State General Fund, and add language to open at least 20 additional beds for patients at Osawatomie State Hospital. If the facility cannot open the beds at Osawatomie State Hospital, the funding is to be used to enter into a contract to provide patient beds through third-party facilities for FY 2018 and add \$6.6 million, including \$2.3 million from the State General Fund, for operational expenditures and add language that the State Finance Council will review the current status of funding for FY 2018;

- Add \$6.5 million, all from the State General Fund, to replace federal and other funding lost due to Larned State Mental Health Hospital previously counting patients in the Sexual Predator Treatment Program as part of the eligible Disproportionate Share Hospital population and due to a decreased number of patients eligible for Medicaid and Medicare reimbursements for FY 2018;
- Add \$2.7 million, all from special revenue funds, to establish an on-site health clinic for state employees provided that no more than \$500,000 shall be expended to construct and renovate the facility for FY 2018.
- Add \$2.1 million, all from the State General Fund, for the Senior Care Act for FY 2018;
- Add \$5.0 million, including \$2.2 million from the State General Fund, and add language requiring the Kansas Department of Health and Environment to set Medicaid reimbursement rates for children's hospitals contracting with a KanCare managed care organization (MCO) at reimbursement rates that restore calendar year 2015 reductions and require the agency to complete a study on the statewide average cost recovery ratio for all Kansas hospitals contracting with MCOs for FY 2018.
- Add \$1.1 million, all from the State General Fund, for expenditures related to state capital *habeas* proceedings for four capital punishment cases for FY 2018;
- Add \$1.0 million, all from the State General Fund, for domestic violence prevention grant matching funds for FY 2018; and
- Eliminate the securitization of tobacco proceeds and delete \$34.5 million in State General Fund expenditures and \$7.2 million from Temporary Assistance for Needy Families (TANF) to restore expenditures from the Children's Initiatives Fund for FY 2018.

FY 2019

The approved FY 2019 budget, in House Sub. for SB 2002, totals \$15.8 billion, including \$6.3 billion from the State General Fund. The approved budget increases the Governor's recommended expenditures by \$0.3 million, including \$132.3 million from the State General Fund, for FY 2019. Adjustments to the Governor's recommendations include:

- Add language to repay delayed FY 2019 employer contributions of \$194.0 million to KPERS *via* layered amortization beginning in FY 2020;
- Eliminate the securitization of tobacco proceeds and delete \$34.5 million in State General Fund expenditures and \$7.2 million from TANF to restore expenditures from the Children's Initiatives Fund for FY 2019;

- Add \$89.0 million, all from the State General Fund, to remove savings associated with A&M recommendations for health insurance and procurement in K-12 schools for FY 2019;
- Add \$6.5 million, all from the State General Fund, to replace federal and other funding lost due to the agency previously counting patients in the Sexual Predator Treatment Program for FY 2019;
- Add \$48.1 million, including \$21.6 million from the State General Fund, and add language providing a 4.0 percent rate increase for providers of Home and Community Based Services under each of the waivers for FY 2019;
- Add \$4.7 million, all from the State General Fund, and add language to open at least 20 additional beds for patients at Osawatomie State Hospital. If the facility cannot open the beds at Osawatomie State Hospital, the funding is to be used to enter into a contract to provide patient beds through third-party facilities for FY 2019;
- Add \$65.0 million, including \$29.3 million from the State General Fund, due to the hospital provider assessment rate not being increased to restore the 4.0 percent Medicaid provider reduction to hospitals and for other Medicaid expenditures for FY 2019;
- Add \$13.2 million, all from the State General Fund, for community mental health centers for 2019;
- Add \$1.0 million, all from the State General Fund, for domestic violence prevention grant matching funds for FY 2019;
- Add \$2.1 million, all from the State General Fund, for the Senior Care Act for FY 2019; and
- Add \$1.4 million, all from the State General Fund, for expenditures related to state capital *habeas* proceedings for four capital punishment cases for FY 2019.

Following is a summary table that reflects all changes to both State General Fund receipts and State General Fund expenditures from various bills that have passed the Legislature.

STATE GENERAL FUND RECEIPTS, EXPENDITURES, AND BALANCES

Senate Sub. for HB 2002 Conference Profile

Appendix K-1:

Demonstrative Charts Regarding Achievement Gap Between Free Lunch Students and Paid Lunch Students

This demonstrative exhibit was created using the achievement data that is attached as Appx. K-3.

2015-16 MATH PERCENT NOT ON GRADE LEVEL FREE LUNCH V. PAID LUNCH

Data from: http://ksreportcard.ksde.org/2015_2016_Assessment_Full_File.xlsx

Estimated student count calculated using 2015-2016 Free and Reduced Headcount Report: http://datacentral.ksde.org/report_gen.aspx

*Reduced Lunch Students excluded from this analysis

2015-16 **READING** (ELA) PERCENT NOT ON GRADE LEVEL FREE LUNCH V. PAID LUNCH

Data from: http://ksreportcard.ksde.org/2015_2016_Assessment_Full_File.xlsx

Estimated student count calculated using 2015-2016 Free and Reduced Headcount Report: http://datacentral.ksde.org/report_gen.aspx

*Reduced Lunch Students excluded from this analysis

State Totals

2015-2016 STATE STUDENTS APPROVED FOR FREE- OR REDUCED-PRICE LUNCHES PUBLIC SCHOOLS

TOTAL STUDENTS	# OF STUDENTS APPROVED FOR FREE-LUNCHES	% OF STUDENTS APPROVED FOR FREE-LUNCHES	# OF STUDENTS APPROVED FOR REDUCED-PRICE LUNCHES	% OF STUDENTS APPROVED FOR REDUCED-PRICE LUNCHES	# OF STUDENTS APPROVED FOR FREE-OR REDUCED-PRICE LUNCHES	% OF STUDENTS APPROVED FOR FREE-OR REDUCED-PRICE LUNCHES
491575	195781	39.8	45085	9.2	240866	49.0

* At least one column has fewer than 10 students. The Family Educational Rights and Privacy Act (FERPA) prevents the disclosure of personally identifiable student information. KSDE has determined that any quantities less than 10 may be personally identifiable.

Above data from Free and Reduced Headcount Report: http://datacentral.ksde.org/report_gen.aspx

Math Chart Calculations:

$$\begin{array}{r}
 195,781 \text{ free lunch students} \\
 \times 39.82\% \text{ not on grade level for reading} \\
 \hline
 77,960 \text{ students} \\
 \\
 491,575 \text{ total students} \\
 -240,866 \text{ free and reduced lunch students} \\
 \hline
 250,709 \text{ paid lunch students} \\
 \times 15.82\% \text{ not on grade level for reading} \\
 \hline
 39,662 \text{ students}
 \end{array}$$

Reading Chart Calculations:

$$\begin{array}{r}
 195,781 \text{ free lunch students} \\
 \times 37.17\% \text{ not on grade level for reading} \\

 \\
 491,575 \text{ total students} \\
 -240,866 \text{ free and reduced lunch students} \\
 \hline
 250,709 \text{ paid lunch students} \\
 \times 12.59\% \text{ not on grade level for reading} \\
 \hline
 31,564 \text{ students}
 \end{array}$$

Appendix K-2:

Demonstrative Exhibit Regarding Year 2 Gains and Losses

Under S.B. 19 With Achievement Data

This demonstrative exhibit was created from publically available KSDE data, including data from S.B. 19 SF17-22 (attached as Appx. B) and data from S.B. 19 SF 17-226 (attached as Appx. E-2). The last two columns summarize the achievement data that is attached as Appx. K-3. That achievement data is publically available at http://ksreportcard.ksde.org/2015_2016_Assessment_Full_file.xlsx. It is appropriate to take judicial notice of this data, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

	2014-15	\$ 7,237,635	
	2015-16	\$ 7,237,635	
	2016-17	\$ 7,237,635	
			<u>Additional Cost</u>
Options:	2017-18	Increase number of children by 1,000	\$ 460,000
	2017-18	Fund at 2016-17 level	0
	2018-19	Increase number of children by 2,000	\$ 920,000
	2018-19	Fund at 2016-17 level	0

MENTOR TEACHER PROGRAM

Voluntary program that provides probationary teachers with three years of professional support and assistance by an on-site mentor.

History:	2008-09	\$ 1,650,000	
	2009-10	\$ 1,450,000	
	2010-11	\$ 1,450,000	
	2011-12	\$ 0	
	2012-13	\$ 0	
	2013-14	\$ 0	
	2014-15	\$ 0	
	2015-16	\$ 0	
	2016-17	\$ 0	
			<u>Additional Cost</u>
Options:	2017-18 KSA 72-1412	Fund 100% of law	\$ 3,000,000
	& 2018-19	Fund 50% of law	\$ 1,500,000

PROFESSIONAL DEVELOPMENT

State law allows a district to receive state aid up to one-half percent of its general fund budget or 50 percent of its actual expenditures, whichever is less.

History:	2008-09	\$ 1,750,000	
	2009-10	\$ 0	
	2010-11	\$ 0	
	2011-12	\$ 0	
	2012-13	\$ 0	
	2013-14	\$ 0	
	2014-15	\$ 0	
	2015-16	\$ 0	
	2016-17	\$ 0	
			<u>Additional Cost</u>
Options:	2017-18 KSA 72-9601	Fund 100% of law	\$ 8,500,000
	& 2018-19	Fund 75% of law	\$ 6,375,000
		Fund 50% of law	\$ 4,250,000

TRANSPORTATION

Legislative study recommended the threshold for computing state aid should be reduced from 2.5 to 1.25 miles.

		<u>Additional Cost</u>
Options:	2017-18 Decrease mileage limit from 2.5 to 2.0	\$ 8,925,000
	& 2018-19 Decrease mileage limit from 2.5 to 1.5	\$ 17,850,000
	Decrease mileage limit from 2.5 to 1.25	\$ 21,000,000

SCHOOL LUNCH

Reimburse local education agencies six cents per school lunch as provided by Kansas law.

History:	2008-09	\$ 2,510,486 (4.4 cents per lunch)	
	2009-10	\$ 2,435,171 (4.3 cents per lunch)	
	2010-11	\$ 2,435,171 (4.3 cents per lunch)	
	2011-12	\$ 2,487,458 (4.3 cents per lunch)	
	2012-13	\$ 2,510,486 (4.4 cents per lunch)	
	2013-14	\$ 2,510,486 (4.4 cents per lunch)	
	2014-15	\$ 2,510,429 (4.4 cents per lunch)	
	2015-16	\$ 2,510,429 (4.4 cents per lunch)	
	2016-17	\$ 2,510,429 (4.4 cents per lunch)	
			<u>Additional Cost</u>
Options:	2017-18 KSA 72-5112	\$ 3,586,000 (6.0 cents per lunch)	\$ 1,075,571
	& 2018-19		
	2017-18 & 2018-19	Maintenance of Effort	\$ 0

AGRICULTURE IN THE CLASSROOM

History:	2008-09	\$ 35,000	
	2009-10	\$ 35,000	
	2010-11	\$ 35,000	
	2011-12	\$ 0

Appendix M:

Demonstrative Charge Comparing Effects of Weightings Under Different Bases

This demonstrative exhibit compares the total funding that would be provided to at-risk students using various bases and weightings. The LPA recommendation of \$428 million was calculated by multiplying the free lunch headcount (189,909, *see* Appx. B-1, at 2017ADEQ00024) by the 0.484 at-risk weighting and the LPA's recommended base (\$4,659, *see* R.Vol. 81, pp. 3966-68).

Regular At-Risk Weighting Comparison with Different Bases

(Excludes High Density At-Risk)

Free Lunch Headcount from: <http://www.ksde.org/Portals/0/School%20Finance/Action%20Items/SF17-232.xlsx>

LPA Recommendation from Plaintiffs Exhibit 199 page 35-37

2017ADEQ00077 991347

Appendix N:

Demonstrative Charge Comparing Various At-Risk Funding Scenarios

This demonstrative exhibit compares the level of at-risk funding available to school districts under various scenarios. The exhibit was created using the calculations attached, which all relied on data from the LPA Study (R.Vol. 81, pp. 3966-68 (Tr. Ex. 199)), the data contained in Appx. B, and the FY15 LegalMax, which is available at [http://www.ksde.org/LinkClick.aspx?fileticket=6XDdZiXMb8l%3d&\[Time\]abid=398&\[Page\]ortalid=0&mid=2427](http://www.ksde.org/LinkClick.aspx?fileticket=6XDdZiXMb8l%3d&[Time]abid=398&[Page]ortalid=0&mid=2427). It is appropriate to take judicial notice of this information, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412 (c).

LPA recommendation from Plaintiffs Exhibit 199, page 35-37

Columns with 0.484 / 0.726 were calculated with 0.726 weighting to 4 LPA recommended districts. Other columns have High Density At-Risk as calculated in SB19.

2017ADEQ00081

Appendix O:

Kansas Legislative Research Department's State General Fund

Overview for FY18-FY21

This is part of the legislative history of S.B. 19 that was introduced on June 6, 2017. *See* <https://twitter.com/SmithForKansas/status/872270301840715777>. This Court should take judicial notice of the projected ending balance. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

State General Fund Overview FY 2018 - FY 2021

Without Additional Tax Revenue

	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>
State General Fund Revenue	\$6,153.1	\$6,038.0	\$6,150.2	\$6,284.7
State General Fund Expenditures - SB 109	\$6,401.5	\$6,318.7	\$6,645.7	\$6,778.7
School Finance - SB 19	187.6	283.8	325.8	370.8
Total	<u>\$6,589.1</u>	<u>\$6,602.5</u>	<u>\$6,971.5</u>	<u>\$7,149.5</u>
Ending Balance	\$ (436.0)	\$ (564.5)	\$ (821.3)	\$ (864.8)

With Tax Revenue from SB 30

	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>	<u>FY 2021</u>
State General Fund Revenue	\$6,153.1	\$6,193.0	\$6,373.7	\$6,303.9
SB 30	591.0	633.0	617.0	584.0
Total	<u>\$6,744.1</u>	<u>\$6,826.0</u>	<u>\$6,990.7</u>	<u>\$6,887.9</u>
State General Fund Expenditures - SB 109	\$6,401.5	\$6,318.7	\$6,645.7	\$6,778.7
School Finance - SB 19	187.6	283.8	325.8	370.8
	<u>\$6,589.1</u>	<u>\$6,602.5</u>	<u>\$6,971.5</u>	<u>\$7,149.5</u>
Ending Balance	\$ 155.0	\$ 223.5	\$ 19.2	\$ (261.6)

Appendix P-1:

Demonstrative Exhibit Regarding CPI Increase in Prior Law

Appx. P-1 is a demonstrative chart created using Appx. P-2 and Appx. P-3 and illustrating that the State did not increase FY10 education funding based on CPI.

CPI Increase in Prior Law

2008-2009 General State Aid	\$2,210,535,127
Necessary Increase at 3.64% CPI-U	<u>\$80,463,479</u>
2009-2010 General State Aid Required per K.S.A. 72-64c04	\$2,290,998,606
Actual 2009-2010 General State Aid	\$1,929,618,677
ARRA (Federal) to General Fund	<u>\$138,693,703</u>
Actual 2009-2010 General State Aid if ARRA included	\$2,068,312,380
Amount Short of CPI Increase:	<u>\$222,686,226</u>

Appendix P-2:

General State Aid/Supplemental General State Aid for Kansas

USD's 2008-2009

Appendix P-2: General State Aid/Supplemental General State Aid for Kansas USD's 2008-2009, at 2017ADEQ00091 (this information is publically available at http://www.ksde.org/Portals/0/School%20Finance/reports_and_publications/General%20State%20Aid/2008-2009GenStateAid.xls). It is appropriate to take judicial notice of this report, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

Demonstrative Chart Regarding 2015-2016 Kindergarten

Enrollment, With Supporting Data

This demonstrative exhibit explains and summarizes the KSDE2015-2016 Kindergarten Report Data Summary, attached herein at 2017ADEQ00101-106. The data summary is publically available at

http://www.ksde.org/Portals/0/School%20Finance/reports_and_publications/Kindergarten/2015-2016%20Kindergarten.xls.

It is appropriate to take judicial notice of this data, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412(c).

2015-2016 KINDERGARTEN ENROLLMENT

KSDE 2015-2016 Kindergarten Report Data Summary:

Kindergarten Programs	Number of Students	Percent of Students
Full Day, Every Day	33,621	91.1%
Half Day, Every Day	3,097	8.4%
Other	179	0.5%
Total	36,897	

District Programs	Number of Districts	Percent of Districts
All Kindergarten Students Full Day	254	88.8%
Some Kindergarten Students Not Full Day	32	11.2%

Districts Without All Students in Full Day Kindergarten:

2005 K.S.A. 46-3402

CHAPTER 46. LEGISLATURE
ARTICLE 34.
2010 COMMISSION

46-3402. [Repealed]
Same; powers and duties.

The commission shall:

(a) Conduct continuous and on-going monitoring of the implementation and operation of the school district finance and quality performance act and other provisions of law relating to school finance and the quality performance accreditation system;

(b) evaluate the school district finance and quality performance act and determine if there is a fair and equitable relationship between the costs of the weighted components and assigned weightings;

(c) determine if existing weightings should be adjusted;

(d) determine if additional school district operations should be weighted;

(e) review the amount of base state aid per pupil and determine if the amount should be adjusted;

(f) evaluate the reform and restructuring components of the act and assess the impact thereof;

(g) evaluate the system of financial support, reform and restructuring of public education in Kansas and in other states to ensure that the Kansas system is efficient and effective;

(h) conduct other studies, as directed by the legislative coordinating council, relating to the improving, reforming or restructuring of the educational system and the financing thereof;

(i) conduct hearings and receive and consider suggestions from teachers, parents, the department of education, the state board of education, other governmental officers and agencies and the general public concerning suggested improvements in the educational system and the financing thereof;

(j) appoint advisory committees when deemed necessary. Such advisory committees shall conduct hearings and seek a wide variety of input from individuals and groups affected by and concerned with the quality, efficiency and cost of public elementary and secondary education in Kansas. Such individuals and groups shall include, but not be limited to, teachers, parents, students, the department of education, the state board of education, other governmental officers and agencies, professional educational organizations and associations, the business community, institutions of higher education, other persons who have an interest in the quality and efficiency of elementary and secondary education in Kansas and members of the general public

interested in the improvement in the state's educational system and the financing thereof. The chairperson of any such advisory committee shall be a member of the 2010 commission;

(k) make any recommendation it deems is necessary to guide the legislature to fulfill goals established by the legislature in meeting its constitutional duties of the legislature to: (A) Provide for intellectual, educational, vocational and scientific improvement in public schools established and maintained by the state; and (B) make suitable provision for the finance of the educational interests of the state;

(l) examine the availability of revenues to ensure adequate funding of elementary and secondary education in the state;

(m) examine school district efficiencies and whether districts are using best practices to deliver a high quality level of services and programs;

(n) examine school district consolidation and impediments thereto;

(o) examine voluntary activities, including extracurricular activities, which affect educational costs;

(p) monitor and evaluate associations and organizations that promote or regulate voluntary or extracurricular activities including, but not limited to, the Kansas state high school activities association;

(q) conduct other studies, as directed by the legislature, relating to the improving, reforming or restructuring of the educational system and the financing thereof;

(r) make and submit annual reports to the legislature on the work of the commission concerning recommendations of the commission relating to the improving, reforming or restructuring of the educational system and the financing thereof and other topics of study directed to the commission by the legislative coordinating council. Such report also shall include recommendations for legislative changes and shall be submitted to the legislature on or before December 31 of each year.

HISTORY: L. 2005, ch. 152, § 8; July 1.

Appendix BB:

Excerpt from May 10,2017 Testimony Before Senate Select

Committee on Education Finance

This testimony is publically available at: http://www.kslegislature.org/li/b2017_18/committees/ctte_spc_select_committee_on_education_finance_1/documents/testimony/20170510_06.pdf. It is appropriate to take judicial notice of this report, and Plaintiffs respectfully request that this Court do so. K.S.A. 60-409(b)(4); K.S.A. 60-412 (c).

1 RANDY WATSON: It's already in the
2 (inaudible.), yes.

3 SENATOR BOYETTE: Right. That takes
4 time.

5 RANDY WATSON: Yes.

6 SENATOR BOYETTE: Which takes resources.

7 RANDY WATSON: Yes.

8 SENATOR BOYETTE: So do you look at
9 having a base, a foundational amount for every
10 student, no matter what other risk everything that
11 there -- there should be so that all these things
12 can take place for that student. If you took what
13 we have right now as a foundational amount, do you
14 see that as enough or do you say --

15 RANDY WATSON: No, it's --

16 SENATOR BOYETTE: It really needs some
17 more to do those things.

18 RANDY WATSON: Well, there's multiple
19 factors in that. But if you simply start with
20 this premise, we have a teacher shortage, right,
21 teacher shortage and we've dropped an average
22 teacher's salary from 37 to 47, there's many
23 factors to that. Money is just one of the many,
24 many factors. We need to draw in more people into
25 this profession and salaries are a part of that,

1 that's base state aid, our foundational layer,
2 whatever we want to call that. The state board
3 and their budget -- illustrated that over two
4 years and I think you have that probably. I know
5 we presented that. So, yes, but if you go -- also
6 what's going to be needed -- what Kansans told us
7 and some of our outcomes, social, emotional
8 growth, school districts are telling us we have
9 more kids in mental health needs severe that we've
10 ever seen. That requires more counselors and
11 social workers. Kansans said they wanted more
12 counselors and social workers working with kids.
13 If we were to scale up enough social workers,
14 counselors and school psychologists at the
15 recommended ratios, it would be 160 million
16 dollars just to target that; and we don't have
17 enough even in the pipeline to go higher. So, so
18 there are targeted ways to do money and there are
19 base state aid and obviously we could present you,
20 you know, we respect your role in doing that and
21 we just give you some ideas and suggestions for
22 that. Hope that -- hope that helps (inaudible.)

23 SENATOR BOYETTE: Thank you.

24 CHAIRMAN DENNING: Senator Kerschen.

25 SENATOR KERSCHEN: Thank you, Mr.

1 Chairman. Thank you for your presentation today.
2 And you mentioned something just a little bit ago
3 about the teachers' component. So in the total
4 funding package what percentage is going to be
5 allocated to teachers? I'll go back to my
6 district and say, okay, we just raised X number of
7 millions of dollars and what's the school district
8 teaching salary (inaudible.) What's going to hand
9 out there so I can say (inaudible.)

10 RANDY WATSON: That's hard to know
11 because local school boards obviously have that;
12 and then what factors into that is how much money
13 they are currently allocating and what percent are
14 they currently allocating for instruction. Also
15 (inaudible) cash reserve but let's just use --
16 let's say you were to give five percent more money
17 -- I'm just picking a number out of the air.
18 Every school district saw their total allocation
19 go up by five percent. I can tell you when we
20 would go out and do budget workshops, when Dale
21 and Craig, and I just kind of tag along and bring
22 the water on that, we would talk about certainly
23 we've got to increase salaries to get those up to
24 be competitive so we drive that market and reward
25 our great teachers. Kansans said we need more

1 counselors and social workers and school psychs,
2 we would hope that you would take a look at that
3 and see if you can start, especially if you're
4 talking a multiple year plan, you know, phasing
5 that in. Also we cut, so look -- in some cases I
6 go to school districts and class size has gone up,
7 maybe you want to add some teachers, right, to
8 drop that class size. Interesting enough, I did a
9 very not scientific at all, I have a group of
10 teachers on a little (inaudible) called
11 (inaudible) and I said if you were to get some
12 more money what would you recommend? What would
13 you want to say to legislators? There wasn't a
14 one that said increase my salary, and these are
15 some of the teachers of the year. They said we
16 need -- we need more teachers and more resources,
17 you know, our counselors, we need to lower the
18 class size. One said I have 28 kids, I can't --
19 they are too diverse. So I think we look at all
20 three of them, salary increases, money to the at
21 risk population in early childhood and counselors
22 and social workers, and then what do we need to
23 replace that got cut in order to monitor that
24 class size? There's a lot of little details in
25 between that -- local school districts are going
