SUBJECT: Proposed School Finance Plan – **2014-15 School Year**

As requested, attached is a computer printout (**SF15-109**) which provides the effects of the proposed school finance plan. The proposed plan provides the following.

- Guarantees each school district the general state aid received in the 2014-15 school year with a base state aid per pupil of **\$3,852** including the special weightings for cost of living, declining enrollment, and ancillary facilities. Local effort was deducted based on USD budget and not shown on the computer printout.
- Recomputes capital outlay state aid by placing the school district with the lowest assessed valuation per pupil in the state at 75 percent and declines one percentage point for each \$1,000 in assessed valuation per pupil above the lowest in the state.
- Reduces supplemental general (local option budget) state aid based upon current law as follows: (1) state aid school districts with the lowest 20 percent assessed valuation per pupil would receive 97 percent of entitlement; (2) the second lowest 20 percent would receive 95 percent of entitlement; (3) the third lowest 20 percent would receive 92 percent of entitlement; (4) the fourth lowest 20 percent would receive 82 percent of entitlement; and (5) the fifth lowest 20 percent would receive 72 percent of entitlement.
- The mill levies are capped for cost of living, declining enrollment, and ancillary facilities at the 2014-15 level or the amount authorized by current law prior to repeal of statute.
- School districts who have consolidated and completed the number of years with combined general fund budgets will receive the general state aid they would have received under current law excluding the combined budget.
- Virtual state aid is based on current law.

**Exhibit
611**

- School districts with new facilities weighting beginning in 2014-15 will continue into 2015-16 (second year). Districts with new facilities weighting beginning in 2015-16 will continue into 2016-17 (second year). School districts that open new facilities in 2016-17 would not be eligible for new facility weighting.

Listed below is a column explanation and summary of state aid required for this plan.
