Department of Transportation

Notice to Fiber Optic Companies

The Kansas Department of Transportation is seeking to develop its right-of-way assets with installation of fiber optic infrastructure along the U.S. 169 corridor from the Oklahoma border to I-35 in Olathe, Kansas (approximately 147 miles), and/or along U.S. 69 and Alt. U.S. 69 (with U.S. 400) from the Oklahoma border to I-35 in Lenexa, Kansas (approximately 146 miles). The U.S. 169 corridor and U.S. 69 corridor map may be seen at the following link:

http://www.ksdot.org/Assets/wwwksdotorg/bureaus/burTransPlan/burovr/pdf/US169_US69_AltUS69_wUS400_Corridors_OK_KC.pdf

State highways experience recurring and nonrecurring congestion, incidents, construction and maintenance activities. Installation of KDOT-owned fiber optic facilities on state highways such as U.S. 169 and U.S. 69 will allow KDOT to implement Intelligent Transportation Systems (ITS) applications that provide system and transportation managers with timely information on current travel and roadway conditions, and tools for controlling traffic flow, congestion construction management and maintenance activities, traffic incidents and events.

Dissemination of travel information by ITS systems such as travel times and incident information allow the traveling public to make better informed decisions regarding their travel choices. In addition, KDOT-owned fiber optic facilities can be used to link with other state governmental agencies and facilities for public welfare and safety. KDOT has identified the U.S. 169 and U.S. 69 corridors as a route for which installation of commercial fiber optic infrastructure (as a pilot) with a private telecommunication entity would benefit the state of Kansas.

To develop a fiber optic infrastructure to meet KDOT's long-term ITS communications needs, KDOT is considering the nonexclusive use of its right-of-way along the U.S. 169 and U.S. 69 (either or both) corridors to allow a company in fiber optic business to install fiber optic cable along the right-of-way under a permitting relationship with KDOT. The permit would be given by KDOT in exchange for furnishing dedicated fiber optic infrastructure to KDOT. KDOT does not intend to pay for the installation, maintenance, any necessary future relocations or provisions of services and fiber optic infrastructure.

KDOT is requesting that private companies in fiber optic business that have an interest in partnering with KDOT in the manner described contact Leslie Spencer Fowler, KDOT ITS program manager, at 785-296-5652 or Leslie@ksdot.org before the close of business Monday March 16, 2015.

State Corporation Commission

Notice of Hearing on Proposed Administrative Regulations

The State Corporation Commission will conduct a public hearing at 10:30 a.m. Thursday, April 23, in the first floor hearing room at the commission's office, 1500 S.W. Arrowhead Road, Topeka, to consider the adoption of proposed rules and regulations of the State Corporation Commission on a permanent basis.

This notice exceeds the 60-day notice requirement of the pending public hearing and shall constitute the beginning of the public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Robert Vincent, litigation counsel, State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, 66604, or by email to r.vincent@kcc.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Copies of the proposed regulations and the economic impact statements for the proposed regulations may be obtained by contacting Robert Vincent at the contact information above.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Danelle Harsin at 785-271-3161 or the Kansas Relay Center at 800-766-3777. The main entrance located on the southwest side of

the building is handicapped accessible. Handicapped parking is located on the southwest side of the State Corporation Commission's parking lot.

A summary of the proposed regulations and the economic impact for each follows: (Note: Statements indicating that a regulation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the State Corporation Commission, other state agencies, state employees or the general public has been identified.)

K.A.R. 82-4-3f. General motor carrier safety regulations. This existing regulation adopts relevant portions of the Federal Motor Carrier Safety Administration (FMCSA) regulations (49 C.F.R. Part 390), which establish the minimum safety requirements to be followed by motor carriers and their employees, the safety standards for commercial motor vehicles and intermodal equipment. The proposed amendments to this regulation include edits to reflect minor grammatical and form corrections and recent updates to FMCSA regulations including regulations related to medical examiner certification.

K.A.R. 82-4-3g. Qualifications of drivers. This existing regulation adopts relevant portions of the Federal Motor Carrier Safety Administration (FMCSA) regulations (49 C.F.R. Part 391), which establish the minimum duties of motor carriers with respect to the qualifications of their commercial motor vehicle drivers. This regulation also establishes the minimum qualifications for those drivers who own and operate commercial motor vehicles. The proposed amendments to this regulation include edits to reflect minor grammatical and form corrections and recent updates to FMCSA regulations including regulations related to medical examiner certification.

Economic Impact Summary for K.A.R. 82-4-3f and K.A.R. 82-4-3g. The Transportation Division of the commission anticipates a slight economic impact on motor carriers resulting from pass-through costs from medical examiners. The proposed regulations contain a requirement that medical examiners who perform medical certifications for motor carriers be listed on the National Registry of Certified Medical Examiners. This requirement is being adopted in order to remain compliant with Kansas' MCSAP obligations. Data obtained from the FMCSA's analysis indicated medical examiners would incur approximately \$550 of costs to become certified and listed on the National Registry of Certified Medical Examiners. FMCSA data indicated that if a medical examiner charged at the low end for an average examination (\$70), their costs would be recovered after approximately eight examinations. FMCSA analysis indicated that some medical examiners would have access to little or no-cost training necessary to obtain the required certification and listing. However, because some medical examiners will be required to pay for the necessary certification to be listed on the National Registry of Certified Medical Examiners, it is foreseeable that these costs will be passed on to motor carriers and/or their drivers. The Transportation Division of the commission is unable to determine how these costs may be passed-through, if at all.

The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or

Doc. No. 043291

State of Kansas

Governmental Ethics Commission

Opinion No. 2015-01

Written January 21, 2015, to all interested persons:

Synopsis: Solicitation of campaign contributions from January 1 through legislative session may violate Kansas Campaign Finance Act limitations when the solicitor is unable or fails to limit the audience of the solicitation and it is received by a person proscribed by the act. Audience limitation can be difficult or impossible when the solicitation is made through social media.

Cited herein: K.S.A. 2013 Supp. 25-4153a.

Pursuant to K.S.A. 25-4159, the Kansas Governmental Ethics Commission takes the opportunity to issue its opinion in regard to use of social media to solicit contributions by legislators and state officers elected on a statewide basis subsequent to January 1, through adjournment, *sine die*, or any other time the legislature is in session.

Factual Statement

Social media efficiently communicates user provided content to broad audiences. It has obvious benefits to those campaigning for political office. Use of social media for political purposes has increased dramatically in recent years, including its use for the solicitation of campaign contributions. Social media is an obvious choice for soliciting campaign contributions due to its efficiency. However, such efficiency in communication can be a trap for the unwary that could cause them to run afoul of solicitation limits imposed under the Kansas Campaign Finance Act.

Question

May social media be utilized to solicit campaign contributions for those running for the legislature or statewide office without violating limits placed upon solicitation by the Kansas Campaign Finance Act?

Analysis and Opinion

The Kansas Campaign Finance Act limits contributions and solicitation of contributions:

25-4153a. Contributions; limitations during legislative sessions. (a) No registered lobbyist, political committee or person, other than an individual, shall make a contribution after January 1 of each year and prior to adjournment *sine die* of the regular session of the legislature or at any other time in which the legislature is in session to a:

- (1) Legislator;
- (2) candidate for membership in the legislature;
- (3) state officer elected on a statewide basis;
- (4) candidate for state officer elected on a statewide basis;
- (5) candidate committee of persons described in paragraphs (1) through (4); or
- (6) political committee established by a state committee of any political party and designated as a recognized political committee for the senate or house of representatives.

(b) No legislator, officer, candidate or committee described in paragraphs (1) through (6) of subsection (a) shall accept or knowingly solicit any contribution as de-

fined by K.S.A. 25-4143, and amendments thereto, from any registered lobbyist, political committee or person, other than an individual, during such period of time described in subsection (a).

We have previously addressed the limitation on solicitation of contributions in the context of social media. In advisory opinion 2007-07 we concluded that “[t]he mere inclusion of a website link in an email message does not by itself ask for a contribution unless that website link contains words such as ‘contribute’ or ‘donate.’” In advisory opinion 2013-02, as amended, we concluded that “when a legislator, officer, candidate or committee described in K.S.A. 2012 Supp. 25-4153a(a)(1) through (a)(6) solicits contributions through social media that are proscribed by K.S.A. 2012 Supp. 25-4153a(b), it may be a violation of the Campaign Finance Act unless its distribution excludes any recipient that is a prohibited person described in statute. The essence of the violation is the solicitation.” These opinions discuss the statutory limitation on solicitation. This opinion seeks to further clarify what it is to “solicit,” especially when communicated through an agency.

Soliciting inherently requires communication. It may be person to person, or through an agency. Social media and the post office may both function as agencies to solicit. Justice Oliver Wendell Holmes, Jr., in *United States v. Thayer*, 209 U.S. 39, 423 (1908), defines what it means to solicit political contributions by mail.

Of course it is possible to solicit by letter as well as in person. It is equally clear that the person who writes the letter and intentionally puts it in the way of delivery solicits, whether the delivery is accomplished by agents of the writer, by agents of the person addressed, or by independent middlemen, if it takes place in the intended way. ...We can see no distinction between personally delivering the letter and sending it by a servant of the writer.

...

The solicitation...was not complete when the letter was dropped into the post. If the letter had miscarried or had been burned, the defendant would not have accomplished a solicitation.

Justice Holmes observes that solicitation is “...not affected by the nature of the intended means by which it was put into the hands of the person addressed.” *Id.* at 43. Although over 100 years have passed, his observations are still relevant. Email and mail are identical agencies in that their use requires the designation of an addressee or recipient. To solicit by email, as by mail, the solicitor may limit the audience and, thus, ensure the recipient is not a lobbyist or other person proscribed from solicitation by statute. However, social media may or may not allow a person the ability to limit audience.

Social media shares content provided by users over the Internet. In many instances, users are afforded some means to control the audiences for their content. Notwithstanding such controls, frequent updates to processes and features in social media, coupled the dissemination of user content through social media algorithms, make it difficult, if not impossible, for users to effectively limit their audiences.

Conclusion

Social media’s dynamic nature makes the audience limitation for dissemination of user content, including solicitations for contributions, uncertain. We conclude that until such time as the legislature may provide clarification, a user subject to the limitations provided by K.S.A. 25-4153a(b), who intends to solicit through social media, should effectively limit their audience so that proscribed persons are excluded from dissemination. Only afterwards should the user hit the enter key or click the mouse button. Otherwise, the solicitation may be received by a proscribed person through the agency of social media resulting in a violation. As Justice Holmes observed regarding use of agency to solicit campaign contributions, “[o]ffenses usually depend for their completion upon events that are not wholly within the offender’s control and that may turn out in different ways.” *Id.* at 44.

Opinion No. 2015-02

Written January 21, 2015, to all interested persons:

Synopsis: Lobbyist records must name individual gift recipients.

Cited herein: K.S.A. 46-269, K.A.R. 19-63-6.

Pursuant to K.S.A. 46-254, the Kansas Governmental Ethics Commission takes the opportunity to issue its opinion on the interpretation of K.S.A. 46-269 and the records required to be retained by lobbyists.

Question

The question has arisen as to the nature of the records and documents to be retained by lobbyists and reported as expenditures for gifts distributed by either dropping off in offices or placing at gatherings for the taking.

Opinion

K.S.A. 46-269 provides in pertinent part:

(f) All accounts, records and documents of the lobbyist which relate to every expenditure reported or which should have been reported shall be maintained and preserved by the lobbyist for a period of five years from the date of the filing of such report or statement and may be inspected under conditions determined by the commission.

(1) Any additional cost resulting from the normal retirement date and retirement before such normal retirement date for security officers as provided in K.S.A. 74-4914c, and amendments thereto, and disability benefits as provided in K.S.A. 74-4914e, and amendments thereto, shall be added to the employer rate of contribution for the department of corrections as otherwise determined under K.S.A. 74-4920, and amendments thereto, except that the employer rate of contribution for the department of corrections including any such additional cost added to such employer rate of contribution pursuant to this section shall in no event exceed the employer rate of contribution for the department of corrections for the immediately preceding fiscal year by more than the following amounts expressed as a percentage of compensation upon which security officers contribute during the period: (a) For the fiscal year commencing in calendar years 2010 through 2012, an amount not to exceed more than 0.6% of the amount of the immediately preceding fiscal year; (b) for the fiscal year commencing in calendar year 2013, an amount not to exceed more than 0.9% of the amount of the immediately preceding fiscal year; (c) for the fiscal year commencing in calendar year 2014, an amount not to exceed more than 1% of the amount of the immediately preceding fiscal year; (d) for the fiscal year commencing in calendar year 2015, an amount not to exceed more than 1.1% of the amount of the immediately preceding fiscal year; and (e) for the fiscal year commencing in calendar year 2016, and in each subsequent calendar year, an amount not to exceed more than 1.2% of the

amount of the immediately preceding fiscal year, *without regard to the employer rate of contribution in subsection (2).*

(2) *On and after the effective date of this act, notwithstanding the employer rate of contribution determined under K.S.A. 74-4920(1)(a), and amendments thereto, and subsection (1), the employer rate of contribution for employees covered by this section shall be 8.65% expressed as a percentage of compensation for payroll periods chargeable to the last six months of the fiscal year ending June 30, 2015.*

Sec. 56. K.S.A. 2014 Supp. 74-4920 is hereby amended to read as follows: 74-4920. (1) (a) Upon the basis of each annual actuarial valuation and appraisal as provided for in ~~subsection (3)(a) of~~ K.S.A. 74-4908(3)(a), and amendments thereto, the board shall certify, on or before July 15 of each year, to the division of the budget in the case of the state and to the agent for each other participating employer an actuarially determined estimate of the rate of contribution which will be required, together with all accumulated contributions and other assets of the system, to be paid by each such participating employer to pay all liabilities which shall exist or accrue under the system, including amortization of the actuarial accrued liability as determined by the board. The board shall determine the actuarial cost method to be used in annual actuarial valuations, to determine the employer contribution rates that shall be certified by the board. Such certified rate of contribution, amortization methods and periods and actuarial cost method shall be based on the standards set forth in ~~subsection (3)(a) of~~ K.S.A. 74-4908(3)(a), and amendments thereto, and shall not be based on any other purpose outside of the needs of the system.

(b) (i) For employers affiliating on and after January 1, 1999, upon the basis of an annual actuarial valuation and appraisal of the system conducted in the manner provided for in K.S.A. 74-4908, and amendments thereto, the board shall certify, on or before July 15 of each year to each such employer an actuarially determined estimate of the rate of contribution which shall be required to be paid by each such employer to pay all of the liabilities which shall accrue under the system from and after the entry date as determined by the board, upon recommendation of the actuary. Such rate shall be termed the employer's participating service contribution and shall be uniform for all participating employers. Such additional liability shall be amortized as determined by the board. For all participating employers described in this section, the board shall determine the actuarial cost method to be used in annual actuarial valuations to determine the employer contribution rates that shall be certified by the board.

(ii) The board shall determine for each such employer separately an amount sufficient to amortize all liabilities for prior service costs which shall have accrued at the time of entry into the system. On the basis of such determination the board shall annually certify to each such employer separately an actuarially determined estimate of the rate of contribution which shall be required to be paid by that employer to pay all of the liabilities for such prior service costs. Such rate shall be termed the employer's prior service contribution.

(2) The division of the budget and the governor shall include in the budget and in the budget request for appropriations for personal services the sum required to satisfy the state's obligation under this act as certified by the board and shall present the same to the legislature for allowance and appropriation.

(3) Each other participating employer shall appropriate and pay to the system a sum sufficient to satisfy the obligation under this act as certified by the board.

(4) Each participating employer is hereby authorized to pay the employer's contribution from the same fund that the compensation for which such contribution is made is paid from or from any other funds available to it for such purpose. Each political subdivision, other than an instrumentality of the state, which is by law authorized to levy taxes for other purposes, may levy annually at the time of its levy of taxes, a tax which may be in addition to all other taxes authorized by law for the purpose of making its contributions under this act and, in the case of cities and counties, to pay a portion of the principal and interest on bonds issued under the authority of K.S.A. 12-1774, and amendments thereto, by cities located in the county, which tax, together with any other fund available, shall be sufficient to enable it to make such contribution. In lieu of levying the tax authorized in this subsection, any taxing subdivision may pay such costs from any employee benefits contribution fund established pursuant to K.S.A. 12-16,102, and amendments thereto. Each participating employer which is not by law authorized to levy taxes as described above, but which prepares a budget for its expenses for the ensuing year and presents the same to a governing body which is authorized by law to levy taxes as described above, may include in its budget an amount sufficient to make its contributions under this act which may be in addition to all other taxes authorized

(continued)

by law. Such governing body to which the budget is submitted for approval, may levy a tax sufficient to allow the participating employer to make its contributions under this act, which tax, together with any other fund available, shall be sufficient to enable the participating employer to make the contributions required by this act.

(5) (a) The rate of contribution certified to a participating employer as provided in this section shall apply during the fiscal year of the participating employer which begins in the second calendar year following the year of the actuarial valuation.

(b) (i) Except as specifically provided in this section, for fiscal years commencing in calendar year 1996 and in each subsequent calendar year, the rate of contribution certified to the state of Kansas shall in no event exceed the state's contribution rate for the immediately preceding fiscal year by more than 0.2% of the amount of compensation upon which members contribute during the period.

(ii) Except as specifically provided in this subsection, for the fiscal years commencing in the following calendar years, the rate of contribution certified to the state of Kansas and to the participating employers under K.S.A. 74-4931, and amendments thereto, shall in no event exceed the state's contribution rate for the immediately preceding fiscal year by more than the following amounts expressed as a percentage of compensation upon which members contribute during the period: (A) For the fiscal year commencing in calendar years 2010 through 2012, an amount not to exceed more than 0.6% of the amount of the immediately preceding fiscal year; (B) for the fiscal year commencing in calendar year 2013, an amount not to exceed more than 0.9% of the amount of the immediately preceding fiscal year; (C) for the fiscal year commencing in calendar year 2014, an amount not to exceed more than 1% of the amount of the immediately preceding fiscal year; (D) for the fiscal year commencing in calendar year 2015, an amount not to exceed more than 1.1% of the amount of the immediately preceding fiscal year; and (E) for the fiscal year commencing in calendar year 2016, and in each subsequent calendar year, an amount not to exceed more than 1.2% of the amount of the immediately preceding fiscal year, *without regard to the rate of employer contribution in subsection (17)*.

(iii) Except as specifically provided in this section, for fiscal years commencing in calendar year 1997 and in each subsequent calendar year, the rate of contribution certified to participating employers other than the state of Kansas shall in no event exceed such participating employer's contribution rate for the immediately preceding fiscal year by more than 0.15% of the amount of compensation upon which members contribute during the period.

(iv) Except as specifically provided in this subsection, for the fiscal years commencing in the following calendar years, the rate of contribution certified to participating employers other than the state of Kansas shall in no event exceed the contribution rate for such employers for the immediately preceding fiscal year by more than the following amounts expressed as a percentage of compensation upon which members contribute during the period: (A) For the fiscal year commencing in calendar years 2010 through 2013, an amount not to exceed more than 0.6% of the amount of the immediately preceding fiscal year; (B) for the fiscal year commencing in calendar year 2014, an amount not to exceed more than 0.9% of the amount of the immediately preceding fiscal year; (C) for the fiscal year commencing in calendar year 2015, an amount not to exceed more than 1% of the amount of the immediately preceding fiscal year; (D) for the fiscal year commencing in calendar year 2016, an amount not to exceed more than 1.1% of the amount of the immediately preceding fiscal year; and (E) for the fiscal year commencing in calendar year 2017, and in each subsequent calendar year, an amount not to exceed more than 1.2% of the amount of the immediately preceding fiscal year.

(v) As part of the annual actuarial valuation, there shall be a separate employer rate of contribution calculated for the state of Kansas, a separate employer rate of contribution calculated for participating employers under K.S.A. 74-4931, and amendments thereto, a combined employer rate of contribution calculated for the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto, and a separate employer rate of contribution calculated for all other participating employers.

(vi) There shall be a combined employer rate of contribution certified to the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto. There shall be a separate employer rate of contribution certified to all other participating employers.

(vii) If the combined employer rate of contribution calculated for the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto, is greater than the separate employer rate of contribution for the state of Kansas, the difference in the two rates applied to the actual payroll of the state of Kansas for the applicable fiscal year shall be calculated. This amount shall be certified by the board for

deposit as additional employer contributions to the retirement benefit accumulation reserve for the participating employers under K.S.A. 74-4931, and amendments thereto.

(6) The actuarial cost of any legislation enacted in the 1994 session of the Kansas legislature will be included in the June 30, 1994, actuarial valuation in determining contribution rates for participating employers.

(7) The actuarial cost of the provisions of K.S.A. 74-4950i, and amendments thereto, will be included in the June 30, 1998, actuarial valuation in determining contribution rates for participating employers. The actuarial accrued liability incurred for the provisions of K.S.A. 74-4950i, and amendments thereto, shall be amortized over 15 years.

(8) Except as otherwise provided by law, the actuarial cost of any legislation enacted by the Kansas legislature, except the actuarial cost of K.S.A. 74-49,114a, and amendments thereto, shall be in addition to the employer contribution rates certified for the employer contribution rate in the fiscal year immediately following such enactment. Such actuarial cost shall be determined by the qualified actuary employed or retained by the system pursuant to K.S.A. 74-4908, and amendments thereto, and reported to the system and the joint committee on pensions, investments and benefits.

(9) Notwithstanding the provisions of subsection (8), the actuarial cost of the provisions of K.S.A. 74-49,109 et seq., and amendments thereto, shall be first reflected in employer contribution rates effective with the first day of the first payroll period for the fiscal year 2005. The actuarial accrued liability incurred for the provisions of K.S.A. 74-49,109 et seq., and amendments thereto, shall be amortized over 10 years.

(10) The cost of the postretirement benefit payment provided pursuant to the provisions of K.S.A. 2014 Supp. 74-49,114b, and amendments thereto, for retirants other than local retirants as described in subsection (11) or insured disability benefit recipients shall be paid in the fiscal year commencing on July 1, 2007.

(11) The actuarial accrued liability incurred for the provisions of K.S.A. 2014 Supp. 74-49,114b, and amendments thereto, for the KPERS local group and retirants who were employees of local employers which affiliated with the Kansas police and firemen's retirement system shall be amortized over 10 years.

(12) The cost of the postretirement benefit payment provided pursuant to the provisions of K.S.A. 2014 Supp. 74-49,114c, and amendments thereto, for retirants other than local retirants as described in subsection (13) or insured disability benefit recipients shall be paid in the fiscal year commencing on July 1, 2008.

(13) The actuarial accrued liability incurred for the provisions of K.S.A. 2014 Supp. 74-49,114c, and amendments thereto, for the KPERS local group and retirants who were employees of local employers which affiliated with the Kansas police and firemen's retirement system shall be amortized over 10 years.

(14) The board with the advice of the actuary may fix the contribution rates for participating employers joining the system after one year from the first entry date or for employers who exercise the option contained in K.S.A. 74-4912, and amendments thereto, at rates different from the rate fixed for employers joining within one year of the first entry date.

(15) Employer contributions shall in no way be limited by any other act which now or in the future establishes or limits the compensation of any member.

(16) Notwithstanding any provision of law to the contrary, each participating employer shall remit quarterly, or as the board may otherwise provide, all employee deductions and required employer contributions to the executive director for credit to the Kansas public employees retirement fund within three days after the end of the period covered by the remittance by electronic funds transfer. Remittances of such deductions and contributions received after such date are delinquent. Delinquent payments due under this subsection shall be subject to interest at the rate established for interest on judgments under ~~subsection (a) of~~ K.S.A. 16-204(a), and amendments thereto. At the request of the board, delinquent payments which are due or interest owed on such payments, or both, may be deducted from any other moneys payable to such employer by any department or agency of the state.

(17) *On and after the effective date of this act, notwithstanding the employer rate of contribution determined under subsection (1)(a), for the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto, the employer rate of contribution for the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto, shall be 8.65% expressed as a percentage of compensation for payroll periods chargeable to the last six months of the fiscal year ending June 30, 2015.*

Sec. 57. K.S.A. 2014 Supp. 74-50,107 is hereby amended to read as follows: 74-50,107. (a) (1) The secretary shall determine and from time to time shall redetermine the rate at which moneys shall be credited to the IMPACT program repayment fund in order to satisfy all bond re-

payment obligations which have been incurred to finance program costs for IMPACT programs, which shall be referred to as the debt service rate, and the rate at which moneys shall be credited to the IMPACT program services fund in order to finance program costs that are not financed by bonds, which shall be referred to as the direct funding rate. The total of the debt service rate and the direct funding rate shall be the combined rate. Each rate so determined shall be certified to the secretary of revenue. The combined rate determined under this subsection shall not exceed 2%.

(2) Upon receipt of the rates determined and certified under subsection (a)(1), the secretary of revenue shall apply daily the combined rate to that portion of the moneys withheld from the wages of individuals and collected under the Kansas withholding and declaration of estimated tax act, K.S.A. 79-3294 et seq., and amendments thereto. The amount so determined shall be credited as follows: (A) The portion attributable to the debt service rate shall be credited to the IMPACT program repayment fund; and (B) the remaining portion shall be credited to the IMPACT program services fund.

(3) The aggregate of all amounts credited to the IMPACT program repayment fund under this section during any fiscal year to pay bond repayment obligations on bonds to finance major project investments shall not exceed the amount which results when the rate of 2% is applied to all moneys withheld from the wages of individuals and received under the Kansas withholding and declaration of estimated tax act.

(4) The provisions of this subsection shall remain in effect prior to July 1, 2012.

(b) Commencing July 1, 2012, and on the first day of each month thereafter during fiscal year 2013, fiscal year 2014, and fiscal year 2015, the secretary of revenue shall apply a rate of 2% to that portion of moneys withheld from the wages of individuals and collected under the Kansas withholding and declaration of estimated tax act, K.S.A. 79-3294 et seq., and amendments thereto. The amount so determined shall be credited on a monthly basis as follows: (1) An amount necessary to meet obligations of the debt services for the IMPACT program repayment fund; and (2) an amount to the IMPACT program services fund as needed for program administration; and (3) any remaining amounts to the job creation program fund created pursuant to K.S.A. 2014 Supp. 74-50,224, and amendments thereto. During fiscal year 2013, the aggregate amount that is credited to the job creation program fund pursuant to this subsection shall not exceed \$7,500,000 for such fiscal year.

to this subsection shall not exceed \$10,000,000 for such fiscal year. During fiscal years 2014 and 2015 the aggregate amount that is credited to the job creation program fund pursuant to this subsection shall not exceed \$360,000 for such fiscal year.

(c) Commencing July 1, 2015, and on an annual basis thereafter, the secretary of revenue shall estimate the amount equal to the amount of net savings realized from the elimination, modification or limitation of any credit, deduction or program pursuant to the provisions of this act as compared to the expense deduction provided for in K.S.A. 2014 Supp. 79-32,143a, and amendments thereto. Whereupon such amount of savings in accordance with appropriation acts shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount to the credit of the job creation program fund created pursuant to K.S.A. 2014 Supp. 74-50,224, and amendments thereto. In addition, such other amount or amounts of money may be transferred from the state general fund or any other fund or funds in the state treasury to the job creation program fund in accordance with appropriation acts.

Sec. 58. *Severability.* If any provision or clause of this act or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 59. *Appeals to exceed expenditure limitations.* (a) Upon written application to the governor and approval of the state finance council, expenditures from special revenue funds may exceed the amounts specified in this act.

(b) This section shall not apply to the expanded lottery act revenues fund, state economic development initiatives fund, the children's initiatives fund, the state water plan fund or the Kansas endowment for youth fund, or to any account of any of such funds.

Sec. 60. K.S.A. 2014 Supp. 72-8814, 74-4914d, 74-4920 and 74-50,107 are hereby repealed.

Sec. 61. This act shall take effect and be in force from and after its publication in the Kansas register.
