I agree.....we need a certification from Board of Ed giving us the amount of the transfer and we are good to go. Thanks!

In looking at 72-8814 and 72-8814a, it doesn't look like you need Duane's signature to release this aid for schools. KSDE sent us a letter, but I don't think Duane needs to sign one.

Let me know if this is incorrect, otherwise we will assume it will go as requested on its own.

Elaine
