DATE: January 17, 2006
SUBJECT: Projection of Costs for Outcomes-Based Approach to 2013-14

During the presentation of our education cost study report last Monday, Senator Vratil asked us what the education costs would be in future years under the outcomes-based approach, using the standards adopted by the State Board of Education.

This information is presented in the accompanying table. Please note the following:

- the estimated costs are being shown in 2006-07 dollars, which allows you to see the effect of the increase in standards over the years.
- we included hold harmless funding in the figures for 2006-07, which increases the estimates for State supplemental equalization aid and KPERS slightly that year.
- the need for “hold harmless” funding beyond 2006-07 is essentially eliminated under the outcomes-based approach because of the fiscal impact of the increased outcome standards in future years.

Please let us know if you have any additional questions.

Enclosure
